VOL. 1222, NO. 200

PORT ARTHUR, TEXAS, SUNDAY, OCTOBER 2, 1934

WALTON PREPARES FOR FINAL STAND IN OUST

SHORT STORIES

Peak With Falls, Pioneers and Cowboys By "S. S."

Greetings, Senator.
October's last Sunday.
Tough task, Yellowjackets.
Last days of Indian summer.
Budget for Port Arthur Red Cross \$13,500.
Four days until duck hunting season opens.
Neal Rader issued his weekly list of new books Saturday.

Grass fires breaking out daily in the marshes reducing the mosquito population.

"Pulitzer" Fuller advertised his system Saturday night by eating a dozen of 'em.

Flivver sighted running up and down Proctor on three wheels Saturday p. m.

Burglar alarm at the M. N. B. wheeled away for an hour Saturday night. No burglars, just a short circuit.

All the ships on the sea rushed to Port Arthur when General G. W. Goetz came down to look the port over, back home to the Gulf.

I. Ford, back from Germany, tells that visitors to the Vaterland ship their fingers at a more million marks asked for a schooner of Pilsener.

Judge Pallen will hold down the "bull" fiddle in the orchestra de luxe assembled to serenade Senator Oscar W. Underwood, of Alabama, at the dinner tonight.

English sailors declined free ride in a big auto coming in from the Gulf Saturday night, explaining "We have a car up here," and pointed to one of Howard Smith's pullmans.

Probably 1000 tons of building machinery to figure out Port Arthur's percentage in the daily ship repair Monday, if the "bottoms" keep arriving like they have been for the past few days.

Henry Goode, in the city engineer's office until a short while ago, came back to the city Saturday night to get married. "I'm returning soon," Goode said as he and Mrs. Goode started back to the Natchez End.

Captain J. F. Rader, secretary of the Sabine pilots, forgot to look for ships coming up the canal Saturday p. m. when he saw a boat nose across the curb and plough through the plate glass windows in Imhoff's clothing store, he avers.

MORE KILLED IN GERMAN RIOTS

Serious Outbreak Occurs in Saxony

BERLIN, Oct. 27.—Fifteen persons were killed and 80 wounded today in a clash between soldiers and civilians at Freiburg, Saxony, a dispatch from there said.

Early reports appeared to indicate it was the most serious disturbance between troops and populace yet reported in the trial of strength between the federal and Saxony late governments.

LONDON, Oct. 27.—Severe rioting continued in the Ruhr tonight, according to dispatches from several persons were killed and wounded.

Fifteen cavalry and machine gun units were ordered out in Düsseldorf to quell food riots.

Serious rioting also occurred in Bernath.

Fighting at Essen broke out anew and three were killed and several wounded.

DUTCH CABINET QUILTS OVER NAVY FUND CASE

LONDON, Oct. 27.—The Dutch cabinet quitted today after a long session.

The cabinet said the recent naval bill calling for increased appropriations was a question of confidence and was defeated. The bill was beaten by opponents who objected to the increased expenditure.

UNSETTLED

EAST TEXAS: Sunday unsettled. Monday partly cloudy. Not much change in temperature today.

WEST TEXAS: Sunday partly cloudy in south, unsettled in north portion; Monday partly cloudy, warmer in north portion.

Forecast for the West.
WASHINGTON, Oct. 27.—Weather outlook for the period, October 29 to November 3, inclusive:
Upper Mississippi and Lower Mississippi valleys—moderate clouds, some showers the first part of the week and again near the end of the week; temperature near normal.
Rocky Mountain—moderate clouds; some showers the first part of the week; temperature near normal.
Pacific—moderate clouds; some showers the first part of the week; temperature near normal.

Senator Underwood To Fire Presidential Guns Here Tonight

Alabama Senator, Aspirant For Democratic Nomination, To Be Royal Guest of Citizens At Banquet

Port Arthur this afternoon relinquished the floor to the gentleman from Alabama, Senator Oscar W. Underwood, guest of honor at a dinner party tonight at the Plaza Hotel by prominent citizens after an inspection tour of the city.

Senator Underwood, at the behest of the Alabama legislature last year and upon the insistence of his friends and party leaders agreed to campaign for the democratic nomination to the presidency of the United States.

Campaign Launched
Port Arthur is one of but five towns in Texas where he will make an address, but because of the late available date being Sunday a public address here could not be arranged.

As the democratic minority leader in the senate, Underwood established a considerable following for himself and his policies. His campaign for the nomination was formally launched a few days ago in Wichita Falls, Texas.

With the senator from Alabama will be Mayor Bill Lee and prominent citizens of Orange who will journey here by boat, landing at the U. S. engineer's dock across the canal from the Pleasure Pier bridge.

The shipping and commercial industries of the city will be visited in a tour of inspection to show the senator why Port Arthur was so interested in getting an appropriation which he helped to put through.

25 Years a Senator
This appropriation which was passed by congress through the efforts of Senator Oscar Underwood and his associates made possible the improvement project about to be started on the Sabine-Neches ship canal.

Underwood's power in the senate is well known, being the minority leader in the upper house.

Senator Underwood has been active in democratic politics as he was named chairman of the democratic executive committee in 1892 for the ninth district of Alabama. He also was picked as chairman of the campaign committee that adopted the present constitution of Alabama.

For the past 25 years, Underwood has been in the senate, going there in the 54th congress. In the 62nd congress he was chairman of the ways and means committee of the upper house.

Reception After Banquet
Dinner at the Plaza will be tendered the visitor here by the reception committee of Port Arthurians asked to serve by the Underwood State Campaign committee. This committee includes George N. Mize, chairman, Dr. Murr Bledsoe, Abe Goldberg, Fred Dodge, H. F. Benker, and Mayor Frank Logan.

After the dinner at which the senator will make a short appropriate talk a public reception will be held in the lobby of the hotel when the public is invited to meet Underwood.

Owing to Sunday being the only available date for a visit to Port Arthur the committee in charge of the Underwood arrangements were unable to arrange a public meeting and address. Senator Underwood will return to Orange late tonight.

SENATOR UNDERWOOD

RESCUE PARTY FINDS 4 DEAD

Entombed Miners Succumb Before Aid Arrives

STANTON, Ind., Oct. 27.—Rescue parties broke through the last bit of wreckage in the Hunter "wagon" mine near here tonight and found three entombed miners and a boy dead. The men were trapped in the mine by an explosion that occurred early today.

The dead:
John Landis, 41.
Peter Buttemann, 45.
Joe Hardy, 35, and his son George, 7.

Rescue parties worked all day to reach the buried men. Officials believe that gases suffocated the entombed workers hours before the rescuers dug them out.

George Hardy had gone to the mine to spend the day with his father.

BIKES MUST SHOW LIGHTS

Covington Warns Ordinance Will Be Enforced

Bike riders who use the streets after dark were warned last night by Chief of Police Walter W. Covington that they must observe the city ordinance relative to carrying lights on the vehicles.

"We have had numerous complaints," said Chief Covington, "about pedestrians being struck by bicycles which were not lighted, and I am issuing orders to see that the ordinance against such a practice is enforced to the letter."

Reflex to children playing in the streets, particularly along Houston avenue, Chief Covington stated that he had asked the parents of Port Arthur to see that their children keep off the streets in their play.

"Common sense should teach mothers and fathers that it is dangerous to permit a small child to play on the streets. If asking doesn't do any good we'll try a jail cure if this practice is not stopped immediately," concluded the chief.

GRAY CARRIES APPEAL TO CRIMINAL COURT

MOBILE, Ala., Oct. 27.—Motion for a new trial for Gray, under death sentence following conviction on a charge of murdering one Ballard, was overruled by Judge J. F. Wilkinson in district court here.

Note of appeal to the criminal court of appeals was given by Gray's attorneys.

GUN KILLS BOY

Lad, 9, Victim of Belief It Wasn't Loaded

WICHITA FALLS, Texas, Oct. 27.—Robert Thornton, 9 was killed here today when a shotgun in the hands of a playmate exploded, the full charge striking the boy. The youths thought the gun was unloaded.

TURK CABINET QUILTS

CONSTANTINOPLE, Oct. 27.—The cabinet of the Turkish nationalist assembly met in office by Mustafa Kemal, resigned today, according to reports reaching here from Angora.

CANAL DREDGE TO START NOV. 15

Early Start on \$700,000 Project Official Forecast

ONE STRIP STILL 'OUT'

Contract To Be Let Soon for Wider, Deeper Waterway

Actual work by November 15, on a \$700,000 project which will widen and deepen the Sabine-Neches ship canal was predicted here yesterday afternoon by Major B. B. Browne, acting United States divisional engineer out of Galveston.

It was stated at the time that but one dumping permit was holding up Major Browne's work on the contract bids for the work opened at Galveston, August 20.

This was a strip opposite the Texas Company on the Neches river, but it was thought that by Monday this matter would be straitened out.

Two Secured Saturday
Previous to the engineer's leaving his office Friday night three strip dumping permits were holding up the work, but two of these permits were secured Saturday leaving but one to get.

The project which will give the ship canal a mean depth of 30 feet over a 100-foot bottom will be started as soon as the contracts are let. According to the figures submitted when the bids were advertised for two sections of the improvement were figured on at the lowest cost by the Atlantic Gulf and Pacific company.

With the securing of all permits to dump the dirt dredged from the canal on adjacent territory, Major Browne will forward his report to the authorities who will order this district to enter into contracts with the low bidders on the various sections of the canal.

The first section from the Sabine Pass to the Texas Company will in all probability be awarded the Atlantic Gulf and Pacific company.

Equipment Ready
The second section of the canal improvement project from Station No. 1 near Taylor's bayou to a point just above the Port Arthur Pleasure pier bridge will go to the United Dredging company while the A. G. and V. contractors are slated to get the strip from the bridge to the Bryan's Bend road.

Sometime ago it was reported here that several strips along the right of way of the canal would not be turned over to the government for dumping privileges and condemnation proceedings might have to be started in order that the project might be begun.

Civic organizations of the towns to be benefited by the widening of the canal at this point got more firmly behind the project and succeeded in getting all but one of the dumping privileges for that segment.

It was said that the government with which to start the work was ready to be rushed into this district and with the letting of contracts, it would be but a matter of a few days until the actual work was under way.

26 TRUE BILLS BY 58TH JURY

No Indictments Yet in Penman, Carl-Rial Cases

BEAUMONT, Texas, Oct. 27.—A total of 26 bills were returned by the 58th district court grand jury Saturday at about 4 o'clock. Only four of the parties named in the indictments are under arrest and three of those are from Port Arthur.

The indictments in the Carl-Rial murder and the Dr. Penman murder which were expected, failed to appear. The majority of the indictments are against persons for selling liquor or for other violations of similar nature, none of which are under arrest.

Richard McCann, alias Billie McCann, of Port Arthur, was indicted for forgery, also bigamy. It is alleged that he married Ella Jensen at some time when he was legally married to Annie McCann. He is also charged with forging a \$21.75 check.

Louis Moudart, also of Port Arthur, was indicted on a statutory charge.

Scott Bowman, a negro burglar of Beaumont, held at the county jail here was indicted for burglarizing the residence of Mrs. F. R. Baker, 2005 Calhoun street. This makes the fifteenth indictment returned against Bowman by the present grand jury.

DRAUGHTON WILL FILE

BEAUMONT, Texas, Oct. 27.—The will of Webster Draughton was filed for probate Saturday in the county court at law. Mrs. Maunie Draughton has asked to be named independent executrix of the estate which is valued at about \$10,000.

Woman Claims Hands Clean of Mate's Murder

ARKANSAS CITY, Ark., Oct. 27.—"My hands and conscience are as clean as yours, Judge," Mrs. Charles Cummins on trial charged with the murder of her husband, here last week told the court today.

Mrs. Cummins is being tried jointly with Ernest Leach, who is said to have confessed to the shooting of her wealthy husband.

Coolidge Guns on Ford

G. O. P. EYES ON AUTO MAGNATE

Broadside Ready If He Announces for President

WEEKS TO LEAD FIGHT

Mussey Shoals Proposal To Be 'Revealed,' Is Hint

WASHINGTON, Oct. 27.—Big guns of the Coolidge administration were trained on Henry Ford tonight ready to fire a broadside the moment the Detroit manufacturer announced himself for the presidency.

Secretary Weeks, it was learned on high authority intends to lead the administration forces in an attack on Ford if he comes into the open as a presidential candidate.

Mussey Shoals Issue
His attack will be based on Ford's negotiations for Mussey Shoals, it was said.

In his reply to Ford's recent attack on him as a result of the sale of the Gorgas plant by the government to the Alabama Power company, Weeks was mild and impersonal.

Not To Soften Answer
It was said he consented to soften his answer after conferring with President Coolidge with the understanding he "could open up" if Ford announced his candidacy.

The secretary of war, according to his friends is prepared to reveal the "inside story" of the negotiations over Mussey Shoals and what occurred at a conference between himself, Ford, President Coolidge and the late President Harding.

Ford Clubs Tangle Over White House Plan

DETROIT, Mich., Oct. 27.—All the Ford for President clubs are agreed that Henry Ford should be in the White House but they can't agree just how they should go about putting him there.

The original club in Dearborn, the multi-millionaire automobile manufacturer's home town, won't agree with 300 or other clubs that the national convention of Ford clubs should be held here December 12.

Following a storm session, members of the Dearborn clubs executive committee were still split on the matter of approval of the big Ford meet. An attempt was even made to repudiate the convention formally.

P. O. TO COLLECT ALL CUSTOMS

New Act Becomes Effective November 1

The new act effective November 1 applicable to the importation by mail of merchandise from foreign countries places the burden of collection of duties on the postal department and relieves the customs organization from the collection burden.

According to the interpretation of the act by local customs officials, all mail parcels entering this country must have affixed or enclosed a declaration of value. In sealed or registered parcels, permission for customs officials to open the package must be printed thereon. On packages or parcels, either separate or in a series whose single or total value is more than \$100, a formal consular invoice must be attached, made out in the presence of the U. S. consul in the country from which it comes.

Three distribution points have been named at San Francisco, Seattle and New York, where the amount of duty to be collected on each parcel is affixed. A duplicate slip for the same amount is forwarded to the postal department of the place to which the parcel is consigned and collection is made by the postoffice department.

As in the importation of other articles, contraband articles and anything coming under the import ban will be confiscated when found.

He Had It; She Got It; Now Both Are Missing

CHICAGO, Oct. 27.—Anton Karz, a Slovak, and Victoria Grace, a married woman, both missing for a day, were found today by police.

"Have you any money?" asked Victoria.

"Here's \$10,000," Anton replied, and gave her the money, he told police.

When the train they were to take to Milwaukee on their honeymoon pulled out, Victoria was missing.

Police are searching for her—and money.

20 Ships Dock for Cargoes in Port Arthur in Two Days

ALTHOUGH ships have been arriving in Sabine district ports in unprecedented numbers during the past two days, no break in the steady line of inbound vessels is seen in the list of arrivals expected Saturday, shipping men said Saturday.

Among the ships due in Port Arthur today are the Transmarine corporation's steamship Suebeo, bringing a cargo for Port Arthur delivery from the Pacific coast; the Texas Company's tanker Lightburne; and the cargo vessel Cathlamet, slated to lift cargo here for delivery to African ports.

Three ships arriving late Saturday were the French vessel Monique, the British tankers Lancia, which is docked at the Gulf company's docks, the Spuria, going to the Magnolia company's terminals at Beaumont, and the Mitra, which arrived at Sabine too late to dock Saturday night, it is reported in shipping circles.

Friday a total of 16 ships arrived in Sabine district ports, 14 of them coming to Port Arthur, while on that day only one vessel sailed. Arrivals Saturday numbered 10, including those vessels getting in late in the afternoon, six of this number coming to Port Arthur.

Red Cross Budget Drive to Get Under Way Nov. 1

\$13,500 To Be Raised, Say Officials, to Support Various Departments of Local Work on \$18,740 Budget

Port Arthur's fight for eight weeks in all of its phases will be called into line November 1 when the 1934 budget campaign for Port Arthur's Red Cross chapter is opened.

For all of the community welfare work carried on by the Red Cross chapter, including child welfare, aid for ex-service men and their families, health centers, home nursing and humanitarian efforts, \$13,500 will have to be raised. Red Cross officials estimate in their 1934 budget.

5 Groups to Wage Campaign
Dividing their organization into eight groups, Rev. J. A. Frampton, chairman, and his executive committee plan to bring the budget campaign to a close on November 11, which will be Red Cross Sunday, as well as Armistice Day, and will mark the opening of the National Red Cross campaign throughout the United States.

Here's the eight groups Port Arthur is divided into for lining up the 1934 Red Cross budget:

(1) Civic; (2) fraternal; (3) labor; (4) churches; (5) women's organizations; (6) business; (7) professional; (8) children.

"With these divisions we hope to reach every Port Arthurian, although there will be no house canvass for funds," Rev. Frampton said. "Each day during the time the budget campaign is on one of the eight groups will be raising its quota for the Red Cross work in Port Arthur. For instance, we'll say the opening day will be handled by the business men. On that day they'll go out to raise their pro rata of the quota, and so on until each of the eight groups has completed its work."

Expenditures \$18,740
An assessed income of \$5,240 is all that the Port Arthur Red Cross chapter has, the remaining \$13,500 having to be raised through subscription from organizations and individuals. Red Cross officials point out. One item which has made it possible to enter the 1934 budget to a minimum is the construction of the Red Cross hut at Fifth street and Dallas avenue, they said.

Itemized statement of all of the estimated expenses of the chapter for the ensuing 12 months, showing the salaries administration expenses, service and miscellaneous expenses, together with the assured income for the chapter, is given by Red Cross officials as follows:

Salaries: Executive secretary, \$3,000; three nurses, \$3,000; stenographer, \$1,000; bookkeeper, \$500; family visitor, \$500; Total \$10,500.

Travel: \$200; postage, telephone and telegraph, \$200; stationery, \$100; office supplies, \$200; rent, \$100; light and fuel, \$500; new car and supplies of the same, \$1,000; supplies and repairs, \$200; Total \$2,400.

Service: Loans and grants to ex-service men's families, \$500; groceries, coal, clothing, for needy families, \$200; transportation of transients to homes, \$250; drugs and supplies for nurses, \$100; Total \$2,250.

Assured income: School fund, from the community, \$2,000; from the city, \$1,000; from the county, \$1,000; from the state, \$1,000; Total \$5,000.

Amount to be raised in campaign, \$13,500.

Shubert Sues FOR 10 MILLIONS

Theater Magnate Accuses Keith of Trade Conspiracy

NEW YORK, Oct. 27.—The Shubert vaudeville interests, brought suit for ten million dollars damages against the R. F. Keith vaudeville exchange today.

A bill of complaint filed in the United States district court charged a "contract of trade and conspiracy."

The suit, according to the Shuberts, is brought under federal law which gave redress to vaudeville combinations in restraint of trade.

Ten million dollars is asked \$2,000,000 damages by reason of the conspiracy, \$1,000,000 by reason of loss of profits, \$1,000,000 by reason of the injury to the Shuberts by reason of the conspiracy, and \$2,000,000 by reason of the conspiracy.

Oklahoma Short Term Felonists Freed by Rule

MALESTER, Okla., Oct. 27.—Wholesale liberation of prisoners serving short terms on violation of the felony act of the prohibition law was in prospect here tonight, following release of sixteen prisoners this morning. This brings the total freed in this instance to 32 and follows the criminal court of appeals decision holding the felony act unconstitutional. Prison officials declared 40 more serving sentences under the same act could secure their release through labor camp proceedings.

Wm. Rickett All Charges His Friends

HOT CLASH SEEN

Walton Leaders Clash For Heavy Artillery

By United Press.
OKLAHOMA CITY, Oct. 27.—Faced with twenty-two special counts of impeachment, recommended by an overwhelming majority in the house, J. C. Walton, temporarily dethroned state temporarily, will resist charges when arraigned before the senate. Walton plans to introduce the witness stand in his behalf hundreds of victims alleged of "klan outrages" in an effort to justify his drastic measures imposed upon the state.

Alleged victims of "lawlessness" during the last three years will be brought before the impeachment court. It was stated from sources close to the governor.

Starting Monday, Walton will issue daily a four-page paper carrying articles defending his actions, the testimony of the alleged klan victims and the arguments of the defense. It will seek to justify the governor's stand for acts of which he faces impeachment.

Walton leaders here tonight announced that counsel will be obtained from among the leaders of the state, to clash with the legal talent of the house headed by W. E. Deary, Muskogee, chairman of the house impeachment committee.

County, City Officers Even Up on Gamers

"Was taught last night as those who would find themselves with the fiddle, Luck. Detectives Strang and Merganser nabbed eight gamblers on charges of running gish cards and bluffs. Sheriff John Fawcett said the gamblers were arrested after a long chase, checking the bet to the city officers.

Cards played an important part in the city officers' raid while dice were confiscated by the deputy sheriff. The men arrested gave their names as Will Young, Will Fisher, Elmer Sydnor, Gus Scott, Dan Johnson, Pete Walsh, Louis Wilson and Walter Vase. Officers stated they found a \$22 calibre automatic pistol, but the negroes disclaimed ownership.

Men arrested by Deputy Sheriff Foote gave their names as Joe Clarence, Dudley Brown, Preston Mayfield, J. B. Washington, Paul LeBlanc, Tom Mitchell, A. M. Mithons and Chester Porter. Many of the last group claimed to have been washing up at the time of the raid and the matter will be left to a justice of the peace to decide.

CREW DEMANDS SURVEY OF SHIP

Writ of Libel Is Served on 'Stranger's' Master

Writ of libel Saturday was served on C. S. Boldt, master of the schooner Strangler which put in here out of Gulf storm for repairs some ten days ago.

Friday six of the seven members of the crew, including the first mate, appeared before Judge Rose asking him to demand a survey of the ship in their name, the check to be made by ship experts to determine if the craft were seaworthy.

Members of the crew, it is alleged, have refused to again put out to sea because of the ship's condition and are demanding half the pay due them and under the libel proceedings it is understood the ship cannot clear unless a bond is posted guaranteeing its representation in the federal court.

POLAND SEEKS PEACE SAYS GENERAL HALLER

ST. PAUL, Minn., Oct. 27.—"Poland's great aim is not to fight but to help secure the peace of the world," said General Jozef Haller.

This was the message brought to St. Paul by General Josef Haller, commander in chief of the Polish army. He delivered the message before a crowd of four hundred which attended a banquet in his honor at the Athletic club.

RADIO BUILDER KILLED BY HIGH-TENSION LINE

CHICAGO, Oct. 27.—An unidentified man was killed and two others seriously injured here today when a wire they were using to construct a radio outfit fell across a high voltage electric wire.

The injured are not expected to live.

NAVY DIRIGIBLE MAKES 72 MILES AN HOUR

LAKESIDE, N. J., Oct. 27.—Fifteen hours and 12 minutes after she left her hangar for a test flight, the navy dirigible M-2 yesterday arrived back here tonight at 10:37 o'clock.

The flight was made over Pennsylvania, Maryland, Virginia and West Virginia in about six hours.

The dirigible attained a speed of 72 miles an hour. Captain F. R. McChesney announced.

Chicago Officer Killed Making Booze Raid

CHICAGO, Oct. 27.—One policeman was shot and killed and another probably fatally injured here today when they were making a "booze" raid.

The dead, John Hetherington, police sergeant, was shot by a man named John Montana who was arrested. Police charge that Montana shot into the group of officers as they entered the room.

MEXICO CAN'T BE SO BAD

Mexico may have its revolutions and all of that, but it's got its pretty girls, too. How about this young raven? She's Anita Rodriguez, one of the leading ladies on the Mexican stage.

New Faces For Old

LOS ANGELES, Oct. 27.—"I remember the name, but I can't recall the face."

That time-worn plaid, the classical blonde, may soon be turned into a simple statement of true fact.

According to Dr. T. Floyd Brown, student in facial surgery, we may soon have standardized faces, which change with the seasons, just like women's fashions.

There is no reason why you should go on looking like yourself if you don't want to, according to Dr. Brown. Facial surgery has now reached a point where not only can the signs of old age be removed practically entirely but a new face may get entirely new facial expression.

For instance, says the doctor, if a girl has a mouth which is not shaped by lips too large, or protruding, and thereby finds that she is losing out in male attention, she may have it altered in a very short time into what he calls a "kissable mouth."

"The mouth, in association with the eyes, forms the means of an infinite variety of expression which plays upon the human countenance, speaking human emotions louder than words," says Dr. Brown.

The Caprice has mouth as developed and accentuated in the drawings of French artists seems to have been set up as the most desirable and "kissable" mouth and so becomes the

desirable type as an ideal in the eyes of women.

The operation is simple, and is performed by removing excess tissue from the inside of the lips and face, leaving no external scars. Large mouths can be made small and small ones larger without scars, he says.

Noses are also easily remodelled without danger or mark, he says. Humps are taken out of noses, and it is possible for almost anyone now to have a "college nose"—one of the kind you see on the boys in collar advertisements. Noses must be carefully remodelled to suit the style of face, for it would never do, say, to plant a long nose on a short face.

Ears may also be "custom built," and made to lay flat against the head, or to protrude slightly in a delicate curve, and lobes may be lengthened or shortened, or given a slight outward flare, as the season's styles demands.

Taking up of sagging tissue about the eyes, removal of double and triple chins, drawing out of wrinkles, and producing of a new, fresh skin for the face are also in the realm of present-day facial surgical art—all quite simple. Those who want new faces should avoid quacks, who quite frequently use drugs which ruin the facial tissues.

We may soon read advertisements such as, "Why Go Through Life With That Face?"

FATHER OF 21 ASKS WAGE RAISE AT 73

BAITIMORE, Md., Oct. 27.—A six-week-old child, added to an already large family, makes \$11 a week, an impossible stipend when considered as a means of support. This was the plea of Thomas Fletcher, 73 years old, before the state industrial accident commission. He sought to have his case re-opened and his allowance increased.

Fletcher, who was injured while at work for John J. Kirkness, Jr., a builder, said he is the father of 21 children. Since being injured, he said, he is unable to work.

HEAD OF NICARAGUA FRIENDLY TO STATES

WASHINGTON, Oct. 27.—Friendship for the United States will be cultivated by Bartolome Martinez,

just sworn in as president of Nicaragua to the state department to himself to maintain the most friendly relations with all foreign nations, especially the United States.

MEXICO CAN'T BE SO BAD

Anita Rodriguez, Mexican actress, in a scene from a play.

Oct. 27.—In 1932, district court late in the afternoon returned a verdict in the case of the defendant in the case of T. Smith against E. L. Fears.

It was shown that an automobile driven by Fears, in which Smith was riding at the time was being driven at a rate of more than 60 miles an hour when the car turned over near the corner of the intersection of the street and the intersection of the street.

Smith decided that Smith should have had Fears stop the automobile and that he should have not continued to ride with him if he believed he was in danger.

U. D. C. TO CONVENE AT PHANTOM HILL

PHANTOM HILL, Texas, Oct. 27.—Old Phantom Hill, famed in history as the uncomparable outpost of civilization in early days, is to be rejuvenated when the Tom Green and John H. Reagan chapters of the United Daughters of the Confederacy of Abilene and Anson will hold a public ceremonial at the old fort here, Sunday, October 28. The purpose of the organizations is to start a "loose stone" movement in memory of the soldiers who were stationed here to quell Indian uprisings.

SEER MAKES HIS WINTER FORECAST

KANE, Pa., Oct. 27.—William O. Altman, weather seer, whose advice is said to have been sought frequently in the past by weather bureau officials in Washington, made his forecast today for the coming winter.

He says November 15 to December 31, cold rains and snows. January 1 to February 15, a severe part of winter will occur, and February 15 to March 31, cold weather, sleet and snow storms will rule.

Delightful Hospitalities For Pretty Bride Elect, Miss Mary McBride

INCIDENT with the return of fall came the resumption of social activities and society is gradually beginning to plan a gay winter season.

Delicate, precocious and fickle maid, in her gown of turning leaves and deepening mist, was the signal of the first cooling breeze, whose advent presaged a winter of unusual gaiety, and who brought lavender-scented

delicate, shyly announcing engagements; bold typewritten proclamations of the committee's last words; the installing of the ensuing year's club officers; conventional engraved invitations to fashionable "formal" weddings, and rumors of coming weddings.

Cupid has been on the alert and the result of his handiwork is seen in the many weddings recently. Never before in the annals of Port Arthur society have there been as many weddings as there were during the past few months.

And now comes the announcement of the engagement and approaching marriage of Miss Mary McBride, only daughter of Mr. and Mrs. L. W. McBride, and Mr. Carl C. Welhausen of Houston, the wedding to take place on November 8 at 7 o'clock at the McBride home, 1521 Procter street. The engagement was made known at a beautifully appointed bridge recently.

Miss McBride is a graduate of the University of Texas and is a popular member of the younger set in Port Arthur. Mr. Welhausen is the son of Mr. C. D. Welhausen of Shiner, Texas, and is a member of one of the oldest and most prominent families in the state. He is general manager of the Texas Hide and Leather company of Houston.

Society's interest in the past week has centered around Miss McBride, quite a number of charming entertainments being given in her honor. In addition to the delightful hospitalities for the pretty bride-elect, the days have been filled with Halloween entertainments, and the many club meetings and social activities which are a part of each week's program.

ONE of the loveliest entertainments given for Miss McBride was the bridge party given by Miss Allen Johnson at her home, 1045 Fifth street, and which had a surprise miscellaneous shower coming during the closing hour of the hospitality.

The Halloween motif received full recognition in the decorative scheme, with black cats, bats and other Halloween symbols gracing wall spaces and flying about the rooms, suspended on crepe paper streamers.

The yellow and black motif was displayed in the reception hall and living room, and was featured in the lovely costumes and other yellow blossoms clustered in vases and placed at

ton and Mrs. W. M. Crockett. Vocal selection—Mrs. E. G. Burt.

All members of St. George's Episcopal Guild and all friends of the church and their friends are cordially invited to attend the "Silver Tea."

A DELIGHTFULLY informal affair of the coming week in which all women of the city, club women, church women, and society women, are interested in the "Day Nursery Birthday Party" on Tuesday afternoon at the Day Nursery Home, 320 Mobile avenue.

Clubs who have sessions on Tuesday afternoon are expected to have their regular club meetings and then attend the birthday party en masse.

Guests at other entertainments which are scheduled for that day are expected to attend the Day Nursery birthday party at the close of the entertainments. The hours for the birthday party will be from 3 to 6 o'clock.

The general public has been invited to attend this delightful birthday party, the purpose of which is to acquaint the people of Port Arthur with what the Day Nursery is, how the home has been improved, and to create an interest in the home.

The home has recently been renovated, the rooms repapered, all interior woodwork repainted, linoleum has been placed on the floors, the furniture and screens repaired, and the curtains freshened up in the play room.

At the Day Nursery birthday party a useful gift for the home will be received by the Day Nursery board, who will act as hostesses on this occasion. Among some of the most needed articles for the home are towels, wash rags, sheets, bed linen, blankets and other bed covers and toothbrushes.

The Day Nursery is supervised by a Day Nursery Board of which Mrs. K. A. Young is chairman. The building was built in 1920, and had an enrollment of five children. Today twenty-five children are being cared for at the Day Nursery, over one hundred and six children having been taken care of at the home during the three years since its organization.

Children whose fathers are dead and those whose mothers are dead and whose fathers have no place to leave them during their working hours are cared for at the Day Nursery.

Everyone interested in the Day Nursery is cordially invited to attend next Tuesday's entertainment. Mrs. K. A. Young and Mrs. H. F. Banker will greet the guests at the door. Mrs. W. P. Park and Mrs. W. P. Hausman will pour tea.

Mrs. Willard Davis is chairman of the committee on arrangements for the birthday party, and is being assisted in planning the affair by Mrs. N. T. Fuller, Mrs. S. R. Nicks, Mrs. Felix Broussard, Mrs. W. H. McCord, Mrs. F. E. Gifford, Mrs. J. G. Glasgow, Mrs. W. G. Dick, Mrs. I. R. Martin, and Mrs. James.

MRS. W. P. McFARLAND PROVIDED a gracious hostess Thursday afternoon when she entertained the Missionary Society of the First M. E. Church, South, at her attractive home, 1900 Procter street.

Mrs. McFarland was assisted in entertaining by Mrs. J. R. Dunaway, Mrs. R. Hill, Mrs. E. D. Bernard, Mrs. A. F. Haley, Miss Nellie Estes, Mrs. C. T. Minton, Mrs. W. D. Bell, Mrs. G. Minton, Mrs. A. M. McAfee, and Mrs. Caldwell.

A pretty Halloween motif was displayed in the decorations of the room given over to the hospitality, and lovely yellow costumes displayed the yellow theme in charming manner.

During the afternoon hours Mrs. J. E. Grammer entertained the guests with a vocal selection and several piano selections were enjoyed. Little Miss Elizabeth Blodgett gave a delightful reading that was enthusiastically received by the guests.

Delicious refreshments of tea, coffee and sandwiches were served in the dining room, where Mrs. Dunaway and Miss Estes presided over the home-silver service. The dining room was especially attractive for the occasion with the table centered with a bowl of yellow cosmos and yellow tapers in crystal candle-holders adding their charm to the appointments.

About sixty guests enjoyed the delightful afternoon entertainment.

certaining by Mrs. J. R. Dunaway, Mrs. R. Hill, Mrs. E. D. Bernard, Mrs. A. F. Haley, Miss Nellie Estes, Mrs. C. T. Minton, Mrs. W. D. Bell, Mrs. G. Minton, Mrs. A. M. McAfee, and Mrs. Caldwell.

About sixty guests enjoyed the delightful afternoon entertainment.

MRS. SUSANNAH LOEB, assisted by Mrs. F. Montgomery and Mrs. W. H. McGuire, entertained the Woman's Foreign Missionary society of the First Methodist Episcopal church Thursday afternoon at her home, 1229 Sixth street.

Mrs. W. E. Blackstock had charge of the lesson study for the afternoon, "Our Daughters as the Cornerstone," and the devotional service was conducted by Mrs. George E. Carter, Mrs. Montgomery gave a sermonette on prayer, following which Mrs. C. V. Palmer read a dialogue, "At the Well," and Mrs. F. A. Bushong gave a report of the program outlined for this year's work, including among which are two guests days and a Silver Tea.

The guest day in November will be held at the home of Mrs. Charles Stevenson, and in February guest day will be observed at Mrs. George I. Carter's home. The Silver Tea will be given in April at Mrs. W. H. Selley's home.

At the close of the study, the hostesses offered a refreshment service which was enjoyed by Mrs. L. B. Abbey, Mrs. W. H. McGuire, Mrs. F. Montgomery, Mrs. G. E. Carter, Mrs. J. L. LeMaster, Mrs. Frank Dalton, Mrs. F. A. Bushong, Mrs. E. J. Smith, Mrs. Charles Stevenson, Mrs. C. V. Palmer, Mrs. W. H. Acree, Mrs. W. E. Blackstock, Mrs. J. G. V. Mrs. J. E. Phillips, Mrs. C. E. Follette, Mrs. Susannah Loeb, and Mrs. Mervin.

Enjoying the pleasant Halloween party were Misses Adele Ellison, Vera Duggan, Hazel Robertson, Hilma Smith, Ione Smith, Marie Oberle, Sallie V. Fore, Martha McNeill, Pearl McNeill, Daisy Edwards, Mary Margaret Ward, Bell Ward.

THE KIWORTH LEAGUES OF the First M. E. Church, South, entertained with a most enjoyable Halloween party Friday evening at the church, which had been approximately decorated for the delightful occasion.

As the guests arrived they were welcomed at the door by a ghost with a cold handshake, probably presaging a cold reception for the guests. They were then ushered into the reception parlor of the church, where a glowing fire in the fireplace gave a cheery warmth to the room.

In one corner was erected a gypsy's hut, where Mrs. Mae Frances Dubose, as an attractive gypsy, told the guests' fortunes. Bats, witches, tall ghosts, short ghosts, clowns, harlequins, and many other delightful characters flitted throughout the room during the evening, and gave a typical Halloween appearance to the rooms, which were decorated in cornstalks, pumpkins, moths and witches.

Jumping the can, bobbing for apples, and blowing out the candles afforded much merriment for the guests, who also enjoyed a visit to the "Chamber of Horrors," where the ghosts of men flitted through and the guests were allowed to touch the heart, eyes, brain, liver, and other parts of the dead man's anatomy, which had been removed for the guests' observation.

Just before the refreshments of punch and wafers were served, the guests were presented to the Queen of Halloween, Miss Lenora Latimer, and as each guest shook hands with her they were thrilled—thrilled, however, by means of an electric battery, which Miss Latimer had concealed in her hand.

Enjoying the pleasant Halloween party were Misses Adele Ellison, Vera Duggan, Hazel Robertson, Hilma Smith, Ione Smith, Marie Oberle, Sallie V. Fore, Martha McNeill, Pearl McNeill, Daisy Edwards, Mary Margaret Ward, Bell Ward.

THE GENERAL AID OF THE First Christian church will hold no meeting at the church next Thursday as scheduled on account of the picnic (Continued on Page 13.)

SOCIETY

(Continued from Page 14.)

ture show benefit at the Peace theater on that afternoon, when Harold Lloyd will be seen in "Grandma's Boy."

The meeting of the Aid has been postponed until November 8 at the church.

THE CIVIC CLUB HELD ITS second meeting for the club year Friday afternoon. There was an unusually good attendance of the members and much enthusiasm was shown by the members for this year's park program. The work on the Civic club park has been started by George M. Campbell, landscape gardener for Griffith nursery, who is landscaping the park and pushing the work as fast as possible.

Mrs. A. C. Schultz, chairman of the Rummage Sale committee, would appreciate any assistance from Civic club members. The Rummage Sale will be held for the benefit of the park fund.

During the meeting Mayor J. P. Logan explained the new improvement program that the city has undertaken, showing definitely where the improvements are to be made. The club is rejoicing over the fact of being mentioned for \$1500 for the Civic club park in the improvement program.

Mrs. A. F. Graham, president of the Department club, gave a talk on the new club building.

Mrs. Harry Baker was accepted into the membership of the Civic club.

At the close of the business session Mrs. J. A. Gibson read an interesting paper on "Trees Suitable for Parks" and told of trees in various parts of the United States and spoke of trees suitable for Port Arthur.

MRS. S. A. SMITH AND MRS. W. W. Dunn will be hostesses to the Missionary society of the Presbyterian church Thursday afternoon at 3 o'clock at the former's home, 320 Richmond avenue.

All members of the Missionary society are cordially invited to attend Thursday's meeting.

AN ENJOYABLE AFFAIR OF the past week was the Halloween party given by the Best Yet R. Y. P. C. of the Central Baptist church at the home of Mrs. I. W. Townsend, 2801 Eighth street.

The home was in attractive adornment of the Halloween colors of orange and black, and Halloween symbols and decorations were effectively used in the home adornment.

The first part of the evening was spent in studying the B. Y. P. U. manual and learning of the duties of officers. Following the study hour, amusing Halloween games and stunts were enjoyed and a tempting lunch was served.

Those present were Mr. and Mrs. R. L. Thorn, Mr. and Mrs. E. H. Wiley, Mrs. W. D. McMillan, Mrs. Edna Singleton, Mr. and Mrs. B. F. Day, Mr. and Mrs. W. S. Alford, Mrs. G. L. Laughlin, Mrs. H. S. Hyde, S. H. Dawson, Rev. and Mrs. T. E. Cannedy, and Mr. and Mrs. I. W. Townsend.

THE JUNIOR DEPARTMENT OF the Central Baptist Sunday school will entertain Tuesday evening with a Halloween party at the church at 7:30 o'clock.

Members of all classes of this department are invited to attend the affair. Committees have been appointed and arrangements are being made to make this an enjoyable occasion.

MISS CHRISTINA MORIARTY entertained with a pleasing Halloween party Friday evening at her home, the occasion being her birthday anniversary.

The Halloween colors of orange and black were used with pretty effect in the decorations of the home. Dancing and games afforded enjoyable diversion for the guests during the evening, with music being furnished by a three-piece orchestra.

Several dancing selections were rendered by Misses Bernice Dobbin, Christina Moriarty, Inez Turner, Lillian Davis of Sabine, Myrtle Chadwell and Conale Mae McMillan. During the late hours of the evening the hostess offered a delicious refreshment service of hot chocolate and cake. About fifty guests enjoyed the delightful Halloween party.

THE MISSIONARY SOCIETY OF the First M. E. Church, South, will meet in regular monthly business session Thursday afternoon at the church at 2:30 o'clock.

All members of the Missionary Society are urged to attend this session.

THE GUARD TEAM OF THE W. B. A. of the Macabees will meet on Wednesday afternoon at 2:30 o'clock in the Hartford building for drill rehearsal.

An announcement was made yesterday by Miss Gladys Allen, captain of the guard team, who urged every member of the team to be present.

PLEASING MUSICAL PROGRAM will be rendered at the services of the First M. E. Church, South, today under the direction of Miss Helen run, choir director, who will be aided by Mrs. J. A. Durke, pianist.

At 10 morning service the following hymns will be rendered:

Voluntary: "O Love that Will Not Let Me Be" (Poe).

Voluntary: "O Love that Will Not Let Me Be" (Poe).

Voluntary: "O Love that Will Not Let Me Be" (Poe).

Voluntary: "O Love that Will Not Let Me Be" (Poe).

YOU ARE INVITED TO DANCE with the sports and waltzes at the Gulf club house, Wednesday, October 31, 1933. Guests must be in appropriate costume and fully masked.

Such are the invitations, which have been issued for the Gulf club masquerade dance at the club house on Wednesday evening. The affair promises to be one of the most delightful Halloween entertainments of the coming week.

The music for the occasion will be furnished by the Hotel Beaumont orchestra, and attractive Halloween decorations will be used with artistic effect in the decorative features of the club.

The dance is an invitation to all, and enclosed in each invitation is a small introductory card for the purpose of introducing the young women who will attend the dance.

MRS. N. A. CRITTENDEN OF 2949 Ninth street, who recently underwent an operation at Jackson, Miss., is reported to be improving and will be able to return home soon.

MRS. S. A. WEBER DELIGHT- fully entertained a number of friends with a charming miscellaneous show-er for Mrs. H. P. Weber at the latter's new home, 1247 Eleventh street, Friday afternoon.

It was indeed a surprise to Mrs. Weber when she returned home Friday afternoon and found so many of her friends assembled there. An attractively decorated basket filled with many pretty and useful gifts was presented to Mrs. Weber. Delicious refreshments of hot chocolate and marshmallows were served by

Mrs. L. J. Sudbith and Mrs. John W. Gilles, while little Prince Gilles, dressed in a pretty Halloween costume, presented each guest with cake, wrapped in a Halloween napkin. An afternoon of social conversation was indulged in.

Those attending the surprise show-er were Mrs. Otto Steffenhagen, Mrs. George White, Mrs. A. C. Jungni-chall, Mrs. L. Weber, Mrs. Jack Rud-dith, Mrs. L. J. Sudbith, Mrs. R. E. Lynch, Mrs. J. G. Domingue, Mrs. T. H. Liska, Mrs. B. H. Suttle, Mrs. I. McCall, Mrs. William Hay, Miss Lorraine Winkler, of New Orleans, La.; Mrs. O. Lohry, Mrs. Tom Har-pin, Mrs. L. W. Starks, Mrs. David Guidry, Mrs. John W. Gilles, Miss Liba Thibodeaux, Mrs. H. P. Weber, and Mrs. S. A. Weber. Other gifts were received from Mrs. John Axwell and Mrs. Tom Wright.

OFFICIALLY THE TIME-IRON- lord "witches' night" is still several days off, but many young people's organizations of the city celebrated Halloween Friday evening.

Witches, bats, goblins and black cats reigned around the church build-ings particularly last evening, one of the assembling places being the First Christian church where the Glenes-class entertained with an enjoyable Halloween party.

Here black cats, owls, witches, and bats were suspended from the lights, were perched on cornstalks and were placed about the large Endeavor room wherever there were wall spaces; while pumpkin faces, through which streamer lights, peered down upon the guests.

Lovely golden rods and cosmos clustered in tall vases and baskets, ton-

ped with fluffy bows of the Halloween colors, black and gold, gave floral beauty to the apartment room.

Interesting games and contests were enjoyed by the guests during the evening hours, one especially amusing animal contest affording much merriment. Miss Marvin Summers was presented with the prize in the animal contest. In the "Cat-e-chism" contest, Earl Baby was awarded the prize. Ghost stories and fortunes were told during the evening, and hooting for apples was greatly enjoyed. Delicious refreshments of hot chocolate and dainty wafers were served during the latter part of the evening.

Those enjoying the delightful Halloween party were Misses Lydia Gene Pheon, Vera Stanford, Marie Summers, Minnie Lee Olson, Osa Jackson, Minnie Whitman, Eunice McElroy, Sallie Damsell, Anna Hjerpe, Nancy Erickson, and Lillian Erickson; Messrs. R. E. Frazier, E. R. Small, Maurice Harbert, A. L. Gore, A. Dee Lowery, E. T. Baby, W. C. Winkler, Vernon Repschlager, R. Croner, and George Frazier; Mr. and Mrs. H. Claud Helms, Mr. and Mrs. J. R. Jolley and little son, Benjamin; Millard Jolley, and Mr. and Mrs. Henry P. Foote.

MRS. INMAN WIFELESS AND Mrs. Anne Wifeless entertained the Ladies Aid of the Presbyterian church Thursday afternoon at their home, 1631 Eighth street.

Following the roll call the garments for the Orphan's Home at Albany, Texas, were turned over to Mrs. W. S. Green to be sent to the home this week. Plans for the Christmas bazaar (Continued on Page 17.)

HUNTERS

The
SEASON
OPENS
THURSDAY, NOV. 1st
ARE YOU PREPARED?

There is only a few days before you can go after the mallards and teals or maybe you are planning to make the "Big Thicket" for larger game. In any case it is now high time to be getting ready and make sure that you are WELL prepared. That is what makes the real pleasure of hunting. To be sure of your gun and your ammunition and be comfortable too.

This Store is Headquarters for

Service

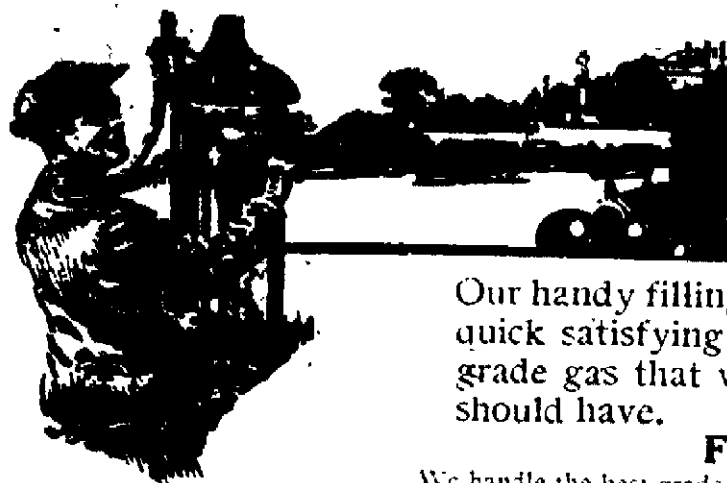

We have on hand a few cars now and can supply you with coal for your stove, for your furnace or for any other heating purpose. We have made contract for a large supply from mines that we know (from our long years of experience) to produce the kind of coal that gives clean service and produces the greatest amount of heat possible.

We are now moving and overhauling our scales to make room for the enlarging of our ice plant and care for our coal business at the same time.

You are assured that your order will come to you with the correct amount as ordered by you. It will take several days to complete this work and we shall then be ready to handle your orders promptly.

In order to care for our present business we have made arrangements to weigh coal for delivery now on the scales of R. S. Lapham.

We are by no means a new firm in the coal business for we have been located in the same building in Port Arthur for several years. In the past we succeeded in giving the people of Port Arthur the sort of service that brought them back to us and that is the same old service you can expect from us in the future.

GAS AND OIL

Our handy filling station is well equipped to give you quick satisfying service and supply you with high grade gas that will give the power that your motor should have.

Free Air and Water

We handle the best grade of Texas Company Oil, in light medium or heavy, and you can feel sure that you get the most in service and the least in carbon when you buy your oil from us.

We drain your crank case free

And Strand Revues, With Feature Films In Fun, Drama Appeal

Port Arthur playhouses this week promise to theatergoers an excellent program of photoplays. Two of the offerings tell of life, dramatically presented in human drama; two others are engaging films of the great outdoors; and another is a clean-cut comedy with a love story combined.

Probably the outstanding offering of the week is the "Merry-Go-Round," starring Mary Philbin, a film story which tells in dramatic form and pictures the social changes that came about with a drastic hand in the once wild west, Arizona Territory.

"Notoriety," another photoplay of life, deals with the danger of success, and how the career ambition of the average human being.

A human interest story, showing the growth of the heart and soul of a girl who did not have a fair chance, is "The Probation Wife," in which Norma Talmadge is starred. Priscilla Dean and James Kirkwood are seen in "Outside the Law," a sensation of the past; and William Russell will be seen as a mountaineer in "Man's Size."

The comedy for the week is "The Drivin' Fool," which brings to the screen a conglomeration of speed and fast-moving action.

In addition to the photoplays for the week, the Popular Players at the Strand and Bennie Kirkland's Musical Revue at the Elks are presenting vaudeville, with a change of program on Wednesday evening.

'The Probation Wife' at Elks; Miss Talmadge's Best

A picture with a plot, characters who live, a star who is the best that can be had, excellent photography and splendid direction—all make up Norma Talmadge's picture, "The Probation Wife."

The story is about a girl who, after having spent most of her life in a first-class and two years in a reformatory, offers herself to a wealthy New Yorker in exchange for clothes and the luxuries of life. Much to her surprise, he marries her. She calls herself her probation wife. The terms of probation do not last long when love enters her life.

"The Probation Wife" is the kind of a picture that will appeal to all

classes. It is a human story about a very human girl. Norma Talmadge is given an opportunity in this picture to display that originality and versatility for which she has become famous. She gives us Mary Jane, three distinct characters. We see her as an inmate of a reformatory, then in a reformatory, and lastly as the wife of a wealthy New Yorker. Miss Talmadge ably shows you the growth of the heart and soul of the girl who did not have a fair chance.

"The Probation Wife" is by far the best picture that Norma Talmadge has yet done. It will be seen today week at the Elks theatre.

'The Merry-Go-Round'—Love Meets Obstacles, Finds a Way

What is love without hardships? Every philosopher and poet who ever amounted to anything has declared that without obstacles in the path of its glorious advance, love would be unattractive. It would be colorless.

"Merry-Go-Round" was in the making for many months and came to the Elks theatre next Wednesday, Oct. 31. It tells of the love between a peasant girl of the Prater, the famous Coney Island district of Vienna, Austria, and a young count of the emperor's highest staff.

In real life a successful consummation of that love in happy marriage would be absolutely impossible, and "Merry-Go-Round" is not a fairy

'Notoriety' a Story of a Girl Who Sought Fame

"Notoriety," at the Strand theatre Wednesday, is the naked truth after all.

In a fearless photodrama that covers the paths of poverty and the heights of wealth, the master motion picture director tells the story of the ambition of the average human being, let it develop before our eyes, and shows us that it has as many dangers as delights. That secret ambition that rules the highest and noblest, is of course, the desire for success.

"Disson" Deering, the girl heroine of "Notoriety," sought success in popularity. She yearned for fame. Real-

izing that she had no chance to attract attention by her merits, she thought she could win popularity by participating in a society scandal. At first her ambition for fame seemed to be realized. Her name and picture appeared in print, and she was talked about. But the glare of the limelight began to burn. She realized that the press and public talked about her not because she was good, but for the opposite. The disappointment was sad, but it brought home to her that it is better to be unknown and happy than famous and miserable.

PAISY RUTH MILLER (right) Paisy Ruth Miller in a scene from "The Drivin' Fool" at the Elks.

'The Drivin' Fool' An Epic Of Speed, Love and Fun

Announced for presentation at the Elks theatre today, is the "The Drivin' Fool," with Wally Van and Patsy Ruth Miller. The picture is a comedy story, but not only with the law, but with the father and himself. It is a heartwarming story, and it is a picture that will appeal to all classes. It is a picture that will appeal to all classes.

"The Drivin' Fool" has been described as the fastest picture ever produced. In addition to the comedy, it is a picture that will appeal to all classes. It is a picture that will appeal to all classes.

"Merry-Go-Round" tells the story of a girl who did not have a fair chance.

"The Probation Wife" is by far the best picture that Norma Talmadge has yet done. It will be seen today week at the Elks theatre.

'Man's Size' Strand Film Number With Big Bill Russell in Role of Hero

How is it possible for a man to be so big? In "Man's Size," the picture of the week at the Strand, we see a man who is so big that he can't fit through a door.

"Man's Size" is a picture that will appeal to all classes. It is a picture that will appeal to all classes.

She Was Old, Now She's Young; Blood Transfusion Did It, Says

Scientific Wizardry Turns Back Clock of Time Ten Years for Woman—Now She Feels It Won't Last

PARIS, Oct. 26.—Jaworski made me young again.

A 50-year-old woman, but a youthful appearance for whom the scientific wizardry of Dr. Jaworski, colleague of Professor Voronoff, has turned back the clock of time ten years in Paris.

Based on a strong, healthy, young girl of the provinces was transfused into this lady's veins by the Jaworski process.

Question: How Old Is Ann?

I am feeling like a girl 20 years old, the patient whose name is Ann, at a case in more than that declared. I am stronger than ever before.

So, it is a triumph. She seems to be

an older sister, older by ten years, not a past. It is I, as I looked, before the doctor made me young.

There is no question about it, he rejuvenated me by no less than ten years.

For obvious reasons it is impossible to divulge the lady's name, but compare with the photograph shows the face has been greatly improved.

Madame has changed completely, a servant assured the correspondent.

Young Blood for Old.

The country girl whose blood was taken for the experiment had been carefully selected by Dr. Jaworski.

The operation, the lady asserted, was painless and not inconvenient save for a touch of fever. It is said to compare with blood transfusion, for the quantity of blood transferred by the doctor is small.

Now the lady is waiting for the day when the effects of the rejuvenation was worn off. Each morning she looks in the looking glass and tests

her limbs to see if age has come back as rapidly as it was taken away by the physician's magic.

Jaworski has warned me no can not predict how long I will feel the effects of what he calls his blood grafting," she said. "But it doesn't matter."

Those past six months have been the happiest of my life.

"I had to quit dancing two years ago because of heart palpitations."

Powder? Puff? No!

"Now," she pointed with the agility of a school girl, "I feel not one more without trouble."

After a pause she added:

Before I put myself in Dr. Jaworski's hands I was also deprived of numerous other enjoyments of life, which I now have recovered.

"I was steadily going down. Now I am full of energy, taking interest in things I neglected a year ago."

The lady, having the correspondent out, expressed confidence that Jaworski, if he does not find the means of prolonging life at least can make women feel and look younger for a considerable extra time.

And the pretty maid who showed the way to the door whispered:

"Madame forget to tell you she no longer uses powder and rouge. She gave them to me. I am so pleased."

SOCIETY

(Continued from Page 14.)

year were discussed and the members voted to hold the bazaar the first day in November. Mrs. W. S. Green and Mrs. Emmett Welch were appointed to secure a building downtown for the bazaar.

Rev. T. A. Davis was the Aid's guest for the afternoon, and he told the women of the coming revival to be held at the Presbyterian church and asked the co-operation of the Aid. Sewing also gave diversion for the afternoon, following which the hostesses served a delicious refreshment course.

Those attending Thursday's session were Mrs. W. J. Adams, Mrs. O. M. Bailey, Mrs. E. S. Bonham, Mrs. J. E. Carr, Mrs. M. E. Crawford, Rev. and Mrs. T. A. Davis, Mrs. A. G. Evans, Mrs. A. T. Edgington, Mrs. W. S. Green, Mrs. N. J. Hebert, Mrs. G. C. Jones, Mrs. R. McFadden, Mrs. W. D. McFadden, Mrs. E. J. Moore, Mrs. W. J. Montague, Mrs. J. N. Payne, Mrs. G. H. Seibold, Mrs. E. A. Smith, Mrs. Walter Tate, Mrs. C. M. Thomas, Mrs. R. N. Turner, Mrs. Percy Thompson, Mrs. W. L. Westcott, Mrs. E. L. Welch, Mrs. Annie Whelless, and Mr. and Mrs. Inman Whelless.

On November 8 Mrs. G. C. Jones and Mrs. C. H. Moore will be hostesses to the Aid at the latter's home, 207 Dequenne boulevard.

MISS MARY McBRIDE, AN ATTRACTIVE bride of the coming month, whose marriage to Mr. Carl C. Wolhausen of Yorktown will be an important event of November 8, and Miss Dorothy Lee, who left Friday evening for Stephenville to accept a position as librarian at John Taylor college, were named honor guests at a charmingly informal bridge party Wednesday evening, which had as hostesses Misses Velma and Jessie Gilstrap at the Non-Parliet apartment.

The Halloween motif was attractively displayed in the appointments for the party, and bridge table accessories reflected the favor theme, dainty mint baskets and bridge pads and talies showing the combined colors in clever manner. At the close of the games, Miss McBride and Miss Lee were presented with lovely gifts as special souvenirs from their hostesses.

Those enjoying the pleasing affair were Miss Mary McBride, Miss Dorothy Lee, Miss Sarah Oatman, Miss Leona Beltz, Miss Bess McCoy of Beaumont, Miss Mary Jack Loder, Miss Olive Tanner, Miss Velma Gilstrap and Miss Jessie Gilstrap.

MESSRS. A. E. KING AND C. D. NORRIS entertained with a delightful dinner Friday evening in honor of Mr. Norris' father, E. W. Norris of Hampton, Va.

An elaborate six-course dinner was served, the appointments of which featured the Halloween motif in pleasing manner. The Halloween theme was also displayed in the menu, the courses were laid for twelve, the personnel including John Carlstrom, M. Heron, T. Bond, L. A. Burke, G. M. Sims, Roy John Rodout, Jr., J. G. Grammer, Inman Whelless, W. G. Robinette, E. W. Norris, C. D. Norris and A. E. King.

Later during the evening the gentlemen were joined by their wives and additional friends, and music and dancing was enjoyed. A dainty ice course, favoring the Halloween colors, was served during the closing hour of the hospitality.

Those calling during the latter part of the evening were Mrs. J. E. Grammer, Mrs. Inman Whelless, Mrs. T. Beall, Mrs. W. G. Robinette, Mrs. G. M. Sims, Mrs. A. E. King, Mrs. L. A. Burke, Miss Edith Upton and Miss Ethel King.

MRS. G. L. PRICHARD OF 1745 Procter street has as her charming house guest, her sister, Miss Betty Moore of Philadelphia, Pa.

CALENDAR FOR THE WEEK.

MONDAY

CAPTAIN AND MRS. JOE CORTELL of 3001 Procter street will leave today for a three weeks' stay in Mexico in the hope of benefitting their health.

C. V. PALMER WAS TENDERED a pleasant surprise party Friday evening at his home by a few of his friends, the occasion for the surprise being his fifty-first birthday.

The personnel of the affair included some of Mr. Palmer's first acquaintances when he came to Port Arthur quite a number of years ago.

During the evening they reminisced of the many delightful days when Port Arthur was just a very small village. Several readings and musical numbers were enjoyed during the evening, and light refreshments were served during the latter part of the evening.

Those enjoying the evening were Mr. and Mrs. R. S. Elmendorf, Mr. and Mrs. W. P. Park, Mr. and Mrs. L. B. Abbey, Mr. and Mrs. J. A. Paschal, Mr. and Mrs. Porter Harris, Mr. and Mrs. W. P. Whitlock, Mr. and Mrs. J. H. Baxter, Mr. and Mrs. T. M. Donaldson, Mrs. A. E. Patterson, Miss Nellie Harris, Miss Beth Palmer, Charles Palmer, Miss Mary Lois Palmer, and Mr. and Mrs. C. V. Palmer.

STILLWATER

College Finds Music
Plans Numerous

STILLWATER, Okla., Oct. 27.—An unexpectedly large crop of musicians has sprung up at the A. and M. college of Oklahoma this year, according to Professor Robert M. Johnson, director of the college band.

So many have applied for admission to the band that Makovsky has been forced to organize two bands, classifying the applicants according to their ability to play in the "first band" or the "second band" much as football coaches do with players of the grid-iron sport, Makovsky explains.

The first band is limited to 30 musicians, while the second band has more than 100 members. The first will appear at all special functions through the year, but the two will probably be combined for special occasions next spring.

The mother chapter of a national honorary band fraternity, located here, has pledged five new members to add to its active roll of 10. The fraternity is Kappa Kappa Psi, founded here in 1918.

MAN-POWERED TAXI NEAR IN GERMANY

BERLIN, Oct. 27.—Taxicabs operated by man-power will soon be seen in the streets of Berlin if the municipal authorities grant the licenses requested for the new vehicle.

It is a sort of velocipede with seats for two passengers, designed to operate over short distances at a fare half the present taxi rate. The taxicab owners have been hard hit by the mark's decline.

OYSTERS ARE MAN-GIRLS DANISH SCIENTIST FINDS

HAMBURG, Oct. 27.—Oysters change their sex three or four times a year, and frequently oftener, according to investigation which the Danish scientist, Sparck, made at the Limfjord experimental station.

This Danish investigator believes that the phenomena is brought about by the changes in the temperature of the water in which the bivalves live.

Rev. Caughran Addresses Massachusetts Audience

Port Arthur Minister Talks on

The Denomination of the
South Before Congrega-
tional National Council

An address dealing with the Congregational church in the south, delivered by Rev. W. F. Caughran, pastor of the First Congregational church in Port Arthur, before the national council of the denomination, meeting in Springfield, Mass., is carried in a recent issue of the Springfield Republican.

Part of the address given by Rev. Caughran and published in the Springfield press, is as follows: "The Pilgrim life took three forms of procedure, the state house, the school house and the church house, these three were linked. With the development of the republic it has been necessary to separate the church house from the state house, but in the individual life and ultimately in the spirit of the social life these three aspects of living are, and will continue to be, inseparably linked together.

"Unfortunately, in much of our religious literature 'Pilgrims' and 'Puritans' are used interchangeably. The Puritan was for the purification of the church of England. The Pilgrim was a separatist. The Pilgrim disented in the interest of a broader and deeper sociality. The Puritans were united 'to walk in the ways of the Lord made known.' So were the Pilgrims; but they were also 'united to walk in the ways of the Lord to be made known.' 'More light' were the last words of prophecy from the lips of Pastor Robinson.

"If the Pilgrim spirit in early New England had not won over the Puritan spirit there would have been no Congregational churches, and if that spirit cannot win in our national life then these United States cannot stand.

The Pilgrim as Leader. "The Pilgrim has always occupied a place of leadership in Christian thought and living. It has not always been so recognized. In these days of conservatism, liberalism, reactionism and radicalism in almost all departments of our national life, the Pilgrim

as the 'ways of the Lord made known of the past that made up the price to us.' And the deliberative spirit within us has demanded that we do our utmost to conserve this heritage; looking backward it has taken a conservative attitude; looking forward toward the future it has taken a progressive attitude.

The "Crowd-Mind"

"This leadership has been exercised very largely in the midst of unthinking crowds. It has been the struggle of the deliberative mind with the crowd mind. The crowd mind moves by impulse. Its emotions break loose, untried. It is spontaneous. Sometimes its motive are good, having a zeal for godliness without knowledge. Thus 'crowd-mind' looking backward, all too unconscious of the complexity of life, thinks that success depends upon walking in the 'hallowed paths of the fathers,' and thus becomes reactionary.

"This same mind, with the same zeal, looking forward, hopes to achieve all things in a day, 'unmindful of the complexity of life it is willing to hazard all the achievements

of the past, then surely we have a 'mission' and can succeed in that area of our own country called the Southland. The deliberative mind is more common in the great centers of population than in the rural sections, and wherever we have planted a church in a center of 10,000 population or more, and succeeded in keeping one man on the field for a period of 10 years, a successful self-supporting church has always resulted. We owe it to ourselves, to our national life and to those of kindred mind in the Southland to promote the deliberative spirit in that region.

RUSHING THROUGH THE NIGHT!

A dark and stormy night. The phone rings. An agonized voice at the other end of the wire implores, "Doctor, please come quickly—it's serious!"

AND THROUGH THE NIGHT RUSHES THE DOCTOR ON HIS MISSION OF HUMANITY!

The lateness of the hour, the roughness of the roads, the miserable weather mean nothing to him. He only knows that he must get to the scene of suffering with all possible speed.

What a feeling of relief sweeps over that household as the doctor, with all the skill and training and knowledge he possesses, fights back the grim reaper and saves a human life.

Have you paid the doctor for his valuable assistance? Or have you forgotten the feeling of gratitude you had at that crucial time? It is an honorable debt. The doctor earned his money. He needs it—he is human. You should make up your mind now—at this minute to

SOCIETY

(Continued from Page 17.)
ner's Orphanage valued at \$75 and sent to the box Thursday afternoon.
At the next all-day session of the Auxiliary the women here to have Mrs. Wright of Rock Lake to speak to them. The luncheon committee for the next all-day session will be Mrs. W. S. Thomas, Mrs. C. G. Strickland, Mrs. W. O. Woodson and Mrs. P. G. Peck.

HOLDING A PROMINENT
place on the calendar of events for the coming week is the buffet dinner at 6:30 o'clock Monday evening, which will have as hostesses Mrs. M. F. Bledsoe and Mrs. Frank D. Mabry at the attractive Bledsoe home on North Lake Shore drive.
The personnel of the guests for the dinner will include members of the Wednesday Whist club and additional friends. Whist will form after-dinner diversion.

ONE OF THE DELIGHTFUL
Halloween parties for the coming week is the one to be given Tuesday evening by the Ladies Aid of the First Methodist Episcopal church at the church, Stilwell and Lake Shore drive, at 7:30 o'clock.

The affair is being given for the members of the church and friends, who are cordially invited to attend. Those who desire to make may do so, but making is not required.
A committee chairman, Mrs. L. L. LeMaster, chairman, Mrs. F. M. Marie, Mrs. L. B. Abbey, Mrs. Burr Camp, Mrs. J. Whelpley and Mrs. L. G. Lewin is making arrangements for the affair, and the games and program for the evening will be in charge of Mrs. Wilbur Abbey.
The whole entertainment is free and all members of the church and their friends are cordially invited to attend.

MRS. H. K. GOODWIN WILL BE
hostess to the Women's Self-Improvement Club at her home, 2921 Fifth street, Tuesday afternoon at 3 o'clock, at which time the following program will be rendered:

Roll Call; Topics of Interest.
Reading: "The Three Spinners" and "Rumpelstiltskin," from Grimm Fairy Tales—Mrs. J. M. Latham.
Reading: Introduction to Mythology and Folklore—Mrs. W. I. Lathrop.
Paper: Myths of Northern Lands—Mrs. Bruce Road.
Topic: Folk Tales, Mable—Mrs. J. Imhoff.
General discussion.

THE EXECUTIVE BOARD OF THE
Federated Missionary society will meet on Monday afternoon at 3 o'clock with Mrs. P. T. Donahoe at her home, 732 Stilwell boulevard. All members of the executive board are urged to attend this session.

MR. AND MRS. ED SZAFAR
charmingly entertained Thursday evening at their attractive home, 1120 Procter street, with a beautifully appointed bridge party complementing Mr. and Mrs. T. Frankle Bluestein.
The reception suite was adorned with gorgeous yellow chrysanthemums, which formed a charming setting for the seven tables of players. Mrs. Meyer Bluestein was awarded the ladies' prize for high score at the conclusion of the game, and the gentlemen's favor fell to Mr. Fred Greenberg. Consolation was cut by Mr. A. Bluestein. A judicious refreshment service was offered after the games.

Those enjoying the lovely hospitality were Mr. and Mrs. Frankie Bluestein, Mr. and Mrs. Julius Deuster, A. Bluestein, Mr. and Mrs. A. Goldberg, Mr. and Mrs. D. B. Loeb, Mr. and Mrs. J. Jacobs, Mr. and Mrs. Gus Jacobs, Mr. and Mrs. Fred Greenberg, Mr. and Mrs. M. Blankfield, Dr. and Mrs. A. Levy, Mr. and Mrs. H. Goldstein, Leon Bluestein, Mr. and Mrs. J. J. Nathan of Beaumont, Mr. and Mrs. Edgar Jones of Beaumont, Mr. and Mrs. Leon Rosenhal of Beaumont, Mr. and Mrs. Joe Rosenhal of Beaumont, and Mr. and Mrs. Ed Szafar.

THE LADIES AID OF THE
First Methodist Episcopal church, Stilwell and Lake Shore drive, will meet with Mrs. C. V. Palmer Thursday afternoon at 2:30 o'clock at her home, 1101 Lake Shore drive.
Assistant hostesses will be Mrs. Charles Bushy, Mrs. Perry LaGrone, and Mrs. J. Gray. All members of the Ladies Aid are cordially invited to attend Thursday's session.

THE TEACHERS AND OFFICERS
of the First Christian church will meet in the Worker's Council meeting Monday evening at 7:30 o'clock at the church.
All teachers and officers of the church and others interested in the Sunday School work are invited and urged to attend this session.

MISS SUSIE DUNN
charmingly entertained the Lamar teachers and additional friends Friday evening at the home of her brother, R. H. Dunn, 848 Sixth street.
Miss Dunn was assisted in entertaining by Mrs. S. I. Dunn and Mrs. Russell Dunn, Jr.

The home was attractively decorated for the enjoyable affair, the Halloween motif receiving fullest recognition in all the appointments. Progressive hearts and fortune telling afforded entertainment for the guests, and several musical selections were enjoyed during the evening. A lovely salad course was served.

Those enjoying the gracious hospitality were Misses Florence Beck, Lorraine Veltman, Mary Beck, Frankie Moore, Eva Jewel Gilden, Lulu Cole, Dorothy Brewer, Vivian Muniz, Leta Lou Humphrey, Velma Samlitz, Rose Dodson, and Jane Duncan; Messrs. Harding, Harrington, Cowan, Davis, Sutter, Leverett, Little, Carpenter, Irwin, Ernstrom, McKinley, Miller Francis Dunn and R. H. Dunn; Mr. and Mrs. S. I. Dunn, Mr. and Mrs. Russell Dunn, Jr., and Miss Susie Dunn.

MRS. JOE BIRTH, MRS. J. B. BAW
well as Mrs. F. G. Bawel were cordial hostesses to the Altar Society of St. Mary's Catholic church Thursday afternoon at the K. C. hall.
At the business session an invita-

tion to the Day Nursery Birthday Party was read and the women voted to attend and take gifts to the Day Nursery. The Altar Society voted to sponsor one of the camp fire groups, the guardian of which will be announced later.

At the close of the business session a social hour was enjoyed and tempting refreshments of sandwiches and coffee were served.
Guests of the Altar Society Thursday were Mrs. T. J. Wilhelm, Miss Jessie Barras of Houston, La., and Mrs. George George. Members present were Mrs. J. F. Daugherty, Mrs. A. H. Barras, Mrs. M. C. Gorman, Mrs. C. A. George, Mrs. A. W. Laurence, Mrs. N. H. Brewer, Mrs. K. Kent, Mrs. J. Bammert, Mrs. S. J. Larkin, Mrs. L. P. Daspitt, Mrs. R. S. Latham, Mrs. Joe Bushy, Mrs. A. J. Krohn, Mrs. W. E. Yontzen, Mrs. A. Wolford, Jr., Mrs. L. L. Billeaud, Mrs. John Flanagan, Mrs. H. Hendricks, Mrs. P. G. Beisel, Mrs. J. H. Jackiewicz, Mrs. W. A. Kavanaugh, and Mrs. T. Ferguson.

On Thursday, November 8, Mrs. N. H. Brewer, Mrs. L. L. Billeaud, and Mrs. Walter Billeaud will be hostesses at the K. C. hall.

Young People's Societies

Violin solo—Elizabeth Young.
Talk: "A True Hero Goes to His Reward"—Marjorie Washburne.
Talk: "What of the Church"—Mary Margaret Ward.
Hymn: "Faith of Our Fathers."
Announcements; offertory and League benediction.

NEW YORK—Every wage earner in the country contributes approximately \$91 a year toward the salaries of government employees. Figures just compiled by the National Industrial Conference Board show Uncle Sam's payroll bears 3,400,000 names. This represents an annual appropriation of \$3,500,000,000.

Jerusalem—The American Federation of Labor better get busy quick. Jewish railway workers in the Holy Land are organizing, and they've already affiliated with the International Transport Workers' Federation of Berlin. Wonder if Warren Stone and his colleagues know about it.

Britain's Unemployed.
Britain's army of unemployed had 1,227,100 names, or 10 per cent, during the middle of September, Imperial registers revealed.

Why Is It Futile to Expect That

Any Laws Will Be Perfectly Kept—Alma Bogel.

Modern Portia

Mrs. Anna B. Hogan, Jersey City, is not yet 25 years of age, but already has won many legal victories. She recently was engaged to defend a man charged in Hackensack, N. J., with first degree murder. She succeeded in getting a second degree verdict with recommendation of mercy.

Moral—Advertise!
VIENNA—A brooch a woman found in a park here two years ago resulted in a lot of trouble for several folks the other day. Short or each, the finder brought forth the brooch and showed it to a couple of friends. The three went to a jeweler. He offered her \$5. An other jeweler raised the ante 50 cents and got it. Police heard of the transaction. The finder got 14 days, her friends a week each, and the jeweler 5 days. Yet the original owner never has claimed his property.

An Active Boy, Indeed
LONDON—A 10-year-old lad admitted in Wiltshire court that he has run away from home just nine times in the last year. His most recent trip consumed three weeks. Bread "lifted" from bakers' courts was his only food.

MIDDLE CLASS IS IN STRAITS

German People Are Sorely Stricken
BERLIN, Oct. 27.—Germany's delegates to the international conference of middle classes in Bern returned home with the message that the middle classes of all Europe are suffering as never before.

Germany's delegates went to the meeting prepared to tell the members what a hard time the "in-between" folks in Germany were having. They told them and were greatly cheered to be assured of the sympathy and possible cooperation of the other countries.

But they found that they weren't the only nation with a great group of unemployed, underpaid, underfed, and under-privileged people. Germany found she didn't have a winner on misery and that post-war conditions in the sixteen nations represented at the meeting were no rosier than conditions in the Fatherland.

But the Germans were assured of heartfelt appreciation of their position and of the fact that everything would be done that could possibly be done.

An interesting development during the conference was the good feeling of the German and the French delegates, who brought their individual problems before the conference.

The official language of the meeting was German, which was immediately translated into French. The chairman commented openly on the good feeling and hoped the French would take the same step.

Crooks, Beware!
LONDON—Just a tip to holdups, "soft" men and others of somewhat shady reputation. London has 21,274 policemen. At least it had when last statistics were published. So, if you want to take a chance, come over right away. Otherwise, watch your step.

WIFE OF PROBATION

ATTACKS BARRON
MARLIN, Tex., Oct. 22.—Mrs. Joe Gibson, wife of a man arrested yesterday charged with selling whisky, is detained here following an attack on Rex Lewis, Texas ranger, on a downtown street in which she is alleged to have thrown a powdery substance into the officer's face.

Lewis, who was instrumental in Gibson's arrest, said some of the powder, the nature of which he did not know, got into his left eye.

Sheriff C. O. Moore and three other men charged by Texas rangers with illegally selling liquor will be given preliminary hearings tomorrow at Reagan, Wesley Hunslett and Ben Briggs with Sheriff Moore made bail yesterday. George Gill was granted bail today.

U. S. BUREAU TO GET PRINTS OF ALL CROOKS

WASHINGTON, Oct. 27.—Establishment of a national bureau of criminal identification was decided by Attorney General Daugherty and representatives of police and criminal investigation organizations.

Records, finger print systems, photographs, Bertillon measurements, and other identification material now in custody of local authorities will be sent to the department of justice.

SPRINGER HEIRS IN CANADA STILL HOPE

LONDON, Ont., Oct. 27.—Western Ontario heirs of the Springer estate, on behalf of which property valued at \$120,000,000 in Wilmington, Del., is claimed, have not given up hope despite the adverse rulings in recent litigation. Hugh J. Scott, Canadian legal representative of the Springer heirs, Inc., stated here. Another meeting of the Western Ontario heirs is to be held here shortly.

THE HOME LAUNDRY

Should Youth Have Its Proverbial Fling? Bishop and Educator Cross Swords in Controversy

MAHEMONT, Wis., Oct. 27.—Which is based in America's youth—the same youth entitled by precedent to its fling?

Of such grave import is the question that an eminent bishop and a distinguished educator are locked in controversy over it.

From respective pulpits and rostrums, each has made challenge to the other's views, while their verbal sparring has been at loggerheads and at a fever pitch.

Standing in scholarly aloofness, comes Prof. Edward A. Ross, of the University of Wisconsin here, to announce that the younger generation is "clinging and 'petting' itself into moral disintegration."

Some Cheerful Optimism

Heard as one of the greatest living sociologists, Ross further comments that "we have never known before such pleasure-mad young people. Their entire time, thought and energy are devoted to finding new thrills."

Automobiles, jazz dancing, commercial amusements and the movies, he opines, have done more toward weakening the moral fibre of America—college men and women not excepted—than any other of the institutions which history records.

"Parents today," he says, "are just naturally

PROFESSOR EDWARD A. ROSS (LEFT) AND BISHOP THOMAS NICHOLSON

incompetent. And where not in competition, they are too frivolous to bring their children up right.

"Educational institutions in the next generation will have to begin the moral teaching of the young."

Bishop Says Six

To which Bishop Thomas Nicholson, in charge of the Chicago area of the Methodist church, replies with but rejoinder, sending out sparks in all directions.

"Tut! Tut!" says he. "It is ridiculous to think the youth of today is on the down grade."

"Why, the hope of the future is in these young people."

crowded with pleasure seekers and the roads crowded with joy riders. But over against that, let me give you a few more facts.

"There are more candidates for the ministry today than ever before. And they are of higher ability. I ordained 50 in the last 35 days. Seven of the number were graduates from a state university, too. And it used to be that we got no ministers except from church colleges."

Battle Still Wages

"In the Sunday schools of our church alone we have lost a few short of 5,000,000 enrolled. And last year there were published and distributed among these young people more than a billion pages of Sunday school literature."

"While the places of amusement are filled, the churches, colleges and libraries are overcrowded."

"We had youthful criminals in the past, and will continue to have them in the future."

But the young people of today, taken as a whole, are sound.

"It is easy to magnify the seriousness of youthful externals."

Finishing thus, Bishop Nicholson doffs his ecclesiastical boxing gloves to await resumption of the battle from the enemy's stronghold. Just what the next move will be is not definitely known.

PAVING 3 BLOCKS TO 7TH ST. URGED

W. J. Boutwell Believes It Necessary to Free Procter

Recommendation that an avenue or boulevard between Procter and Fifth or Seventh streets be paved in order to divert traffic from Procter street is made by W. J. Boutwell, 2100 Sixth street.

"Even though Fifth and Seventh streets are both paved, traffic will not leave Procter to get to them because of the lack of a paved connecting street leading off of Procter," Boutwell said. "It is immaterial to me which avenue or boulevard is selected, but I think that one should be decided upon and paved from Procter to Seventh street when that thoroughfare is paved under the proposed bond issue."

Because of an injury to his ankle, Boutwell said he has been unable to attend any of the meetings called by Mayor J. P. Logan, to consider the items in the proposed bond issue; but following the improvement program in The News, he has decided that each and every one of them should be voted, he said.

"I would like to see anything outlined by Mayor Logan cut out, but it seems to me that if some of the proposed paving has to be trimmed to provide funds for paving an interesting street that this should be done in order to divert traffic from Procter," Boutwell said.

At the present time, there is no intersecting avenue outside of the downtown business district paved between Procter and Fifth, and only one paved beyond Fifth street, this one being Austin avenue, where traffic is so congested that the commission has under advisement a proposition to make Austin avenue a one-way street, Boutwell pointed out.

CHADWELL AND O'BURK DISMISSED OF CHARGES

Two charges each against Guy Chadwell and Jack O'Burk were dropped before Justice of the Peace Judge Ellis Friday when the complainants withdrew their charges.

The two men were charged with being responsible for a riotousness across the city last week, but it was shown that neither of them was at the time were charged for the trouble. All four charges were dismissed.

ROSS RICHARDSON DRAWS LIFE TERM

KANSAS CITY, Mo., Oct. 27.—Ross A. Richardson, charged with first degree murder in connection with the fatal shooting here last summer of W. Wallace Greene, former state senator, was found guilty by a jury in circuit court. Sentence was read of life imprisonment.

Richardson, a former Kansas City policeman, was charged by the state with having shot Greene to death while attempting to rob the Greene home. The defendant denied his guilt and offered an alibi.

Texaco and Algonquin Clubs to Give Masque Dances for Halloween

Inspired by the season of Halloween, two Halloween dances are scheduled for the Plaza hotel during the coming week, when the Texaco Club entertains on Monday night, and the Algonquins on Wednesday night.

Both give decorations of yellow, black and red, with witches, black cats, brooms and other figures of Halloween featured, the merry-makers will trip away the hours of the nights when ghosts walk abroad.

For both dances music will be furnished by the Gloom Chasers, a musical aggregation headed by G. S. Moody, and comprising Miss Lucile Price, Dean Buchanan, John Buchanan, Merrett Sterling, Jimmy Woods, William Cheatham.

Only masked guests will be admitted to the Wednesday night function, arranged by members of the Algonquins, a fraternal organization recently organized in Port Arthur, officials said. For the Texaco Club dance on Monday night, W. C. Kent is taking an active part in the arrangements.

E. A. GOODE WEDS BEAUMONT GIRL

Quiet Wedding Takes Place Here Saturday Night

E. A. Goode, until recently connected with the Port Arthur city engineer's office, and Miss Bessie Cooper, of Beaumont, were married at the home of Rev. C. W. Culp, pastor of the First Baptist church, here at 9 o'clock Saturday night, the couple returning over from Beaumont with Glen Noble and Miss Myrtle LeBlanc, their wedding attendants.

Immediately after the ceremony, Mr. and Mrs. Goode returned to Beaumont, accompanied by Mr. Noble and Miss LeBlanc, and will be at home to their friends in that city, where the groom holds a position with Smith Brothers construction company.

PARADE WILL OPEN DENTON COUNTY FAIR

DENTON, Texas, Oct. 27.—A section of decorated automobiles and floats will be a big feature of the parade which will be held to mark the formal opening of the fourth annual Denton county fair here on the morning of October 31.

CROPS FLOURISHING IN DECAUR SECTION

DECATUR, Texas, Oct. 27.—Some fifty-five thousand dollars' worth of crops is being paid by one firm for whole milk to the dairy farmers of this vicinity and approximately one-half as much more for butterfat.

Poultry and turkeys, also are producing a considerable income. Cotton receipts thus far are about 3000 bales with another 500 or 1,000 expected.

Brother Claims Brother Steals Own Thunder by Use of the Family Name

DALLAS, Oct. 27.—What's in a name? Considerable, according to Houston Nichols who sought to restrain his brother Leonard from using the family name for the latter's auto rent company.

Recently Leonard started an auto rent service under the name "Leonard Nichols Auto Rent Company." Houston contended in court that he had operated a similar service for several years known as the "Nichols Auto Rent Company." The similarity of names hurt his business, Houston contended.

Judge Louis Wilson in district court today refused to grant the restraining order and Houston's attorneys filed notice of appeal.

A.A.A. To Broadcast News of Highways

A.A.A. TO BROADCAST—50 Auto

For the benefit of clubs and motorists who have access to wireless receiving sets, the national headquarters of the American Automobile Association, in co-operation with the Radio Corporation of America, will broadcast the latest information of road conditions and other subjects of interest to motorists through the Radio Corporation of America's newest and most modern station, WRC, Washington, known as "The Voice of the Capital," every Wednesday night at 8 o'clock, Eastern standard time. WRC is broadcasting on a wave length of 490 meters. The effective consistent radius of WRC is about 500 miles at present. Radio corporation engineers state that the station will be heard in every town east of the Mississippi all through the winter and by many cities and towns beyond.

It is the purpose of the American Automobile Association to provide timely information in the weekly talks to motorists and there will be some-

thing of interest to each automobile owner "listening in." While special attention will be given to road and touring conditions based on accurate data provided by the national touring bureau, accident prevention, handling traffic, road building and maintenance and other subjects of interest to the motorist will be discussed by recognized national authorities. Motorists who are also radio enthusiasts have been invited to send in to WRC or the American Automobile Association problems pertaining to motoring and highways and the solutions of these problems by the best authorities will be talked back to them and their fellow motorists, where the subject is of sufficient general interest.

The one-night-a-week schedule will be expanded in direct proportion to the reason: the service receives from motorists. Those who "listen in" are requested to make known their wants as to specific information along the lines of motoring to the agencies making the service possible.

Second-Hand Look of Good Car Is Laid To Carelessness of the Man Who Owns It

Only Cure is Application of Paint, But It Can Be Kept in Good Condition For Years By Washing

BY H. CLIFFORD BROKAW
Technical Director New York City
West Side Y. M. C. A. Automobile
School.

That second-hand look which is characteristic of a large number of automobiles is a large factor entering into the value of a used car. The present situation tends to give these used cars a smaller selling price than should obtain.

There are three classes who have a share in this condition of affairs. They are the manufacturers who put on the paint and varnish in the first place, the concerns who make those covering products and the owners of automobiles.

Most of the blame, however, can be laid at the door of the owners. Manufacturers of cars, as a rule, deliver automobiles that are well painted and varnished. Makers of paint and varnish who sell these auto manufacturers in general deliver high quality in such products. The best car manufacturers will accept nothing else.

Here is Fault
But the owners of these machines do not as a rule take proper care of their cars once they come into their possession.

The housewife who has a finely

finished piece of furniture, such as a phonograph or piano, takes no end of pains to keep it looking like new for years and years. Before the days of automobiles, the owner of a buggy used to take great pride in the outward appearance of his vehicle. He spent hours in maintaining its shining gloss. For years it looked like new.

There are reasons why the automobile seldom maintains that newly purchased appearance that was typical of its ancestor, the buggy. The motor car usually travels many more miles per year than the buggy ever did.

Car Handled Roughly
The gasoline wagon is subjected to rougher handling in the average garage than the carriage ever had to stand. And the motor car is in the garage or service station more often than was the buggy.

The gasoline, grime, oil and grease which is incident to the use of an automobile did not obtain so much in operating a buggy. These necessities in motoring represent a severe test to paint and varnish. So also does the greater vibration of the auto running as is its custom frequently, at a high rate of speed. Oil used on roads is another and most severe trial to ma-

PERSIAN GEMS FOUND IN U. S.

Royal Jewels Located in Los Angeles

LOS ANGELES, Oct. 27.—Yes we have no Russian crown jewels, but we have the royal gems of the Shah of all the Persians.

This became known when following long-drawn-out negotiations with the treasury department in Washington, Collector of Customs Schwabe officially declared that the Persian decoration jewel and state regalia sash, now in the possession of the Fink Hosiery company here, had been properly declared upon their admission to the United States via a northern port some months ago.

In the center of the decoration jewel, which represents the insignia of the highest knightly order of the Persian empire, is the great Mogul diamond, surrounded by an incrustation of smaller stones.

Largest Perfect Stone.
According to its present owners, the great Mogul is the only perfect diamond of 100 carats in existence, its high state of crystallization being proven in the seven colors reflected from its surface.

The sash's carved blade of finest tempered Damascus steel is sheathed in rich antique gold, in which sparkle 1500 Indian cut diamonds and rubies and one priceless emerald. Only such dire financial distress as would embarrass even a field marshal of the Shah's army caused the present decoration—now in the United States, but, for obvious reasons, unrecognized with the royal insignia conferred upon him in better, happier days by his ruler.

It is expected that the gems will be added to the jewel collection of some-

erals used in covering a car. On account of the speed of the car, the impact of dirt in the air acts like a sand blast and removes the gloss from the varnish. This also results from the heat of the engine, especially in case of the hood covering the engine.

public museum. It was inspected with lively interest by Miss Evelyn Carse.

The present owners give the following version of their history:

Property of Emperor.
"The Persian decoration jewel was originally the property of the emperors of India, but during certain conflicts between the two great oriental nations, about 150 years ago, fell into the hands of Shah Nalira the Great, along with other treasures accumulated during centuries by the ancestors of the Indian emperor Mogul the Great.

"The Mogul diamonds originally formed one of the eyes of the Great Buddha.

"From its first Persian emperor it descended to Nasserudin Shah, who willed it to his second son, Mozaffaruddin Shah, who presented it to the state. It was then set up in the insignia of the highest decoration within the power of the Persian emperor to bestow, and became the official state jewel.

"The sash also formed part of the royal regency, having once belonged to Shah Nasserudin, great-grandfather of the present Shah, and having been used only on the most solemn state occasions."

\$10,000 MERGER PLAN OF 3 FIRMS ABANDONED

Abandonment of the proposed \$10,000,000 merger of the Dorris Motor company of St. Louis, the Winton Motor company of Cleveland, Ohio, and the Haynes Motor company of Kokomo, Ind., under the name of Consolidated Motors corporation, was announced recently by G. P. Dorris, president of the Dorris company. Dorris issued a call for the meeting in St. Louis of all stockholders of the Dorris Motor company, Oct. 5, to a discussion of recapitalization plans made necessary, he explained, by the losses shown for months by the company.

Now Harder Than Ever To Find Its Equal

Even before the price reduction the improved Chalmers Six necessarily compelled consideration among the finer sizes.

Powerful, speedy, brimming over with dash and spirit, distinguished by an air of trim, sophisticated smartness, it captured public imagination.

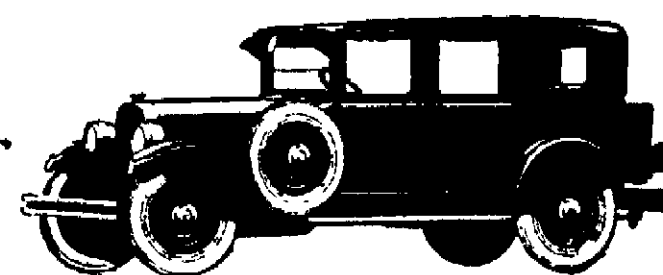

Now, how much greater is the appeal at the new low prices. For in value measured by all the essentials of fine motoring there is nothing to excel the improved Chalmers Six. In fact we believe that when you examine it and ride in it you will declare there is nothing on the market today to equal it.

Uniform Signs for Tourists in Every U. S. Town

HARMONY CAN BE OBTAINED

Suggest Posting Rules in Conspicuous Places

Through the action of the National Automobile Association in explaining its policy with reference to uniformity of motor vehicle regulations, an entirely new view of this time-honored subject is offered.

More important than uniformity of the actual regulations, the association sets forth, is the uniformity of treatment accorded strangers when visiting other cities and the standardization of methods whereby rules pertain to a community are made known to the tourist.

"When the N. M. A. advocates uniformity," says an announcement from Fred Cleveland, the organization's executive secretary, "it does not propose having all traffic rules identical in all towns. Such a process is not only impractical but undesirable, for the reason that only through experimentation in traffic regulations can anything approximating a progressive system be devised. Any motorist who suddenly finds himself in a town where regulations are different from those to which he is accustomed, it is to be expected that he will be puzzled and that he will be liable to make mistakes.

"The sort of uniformity needed is not similarity of rules, which is rarely possible, but a standardized form of acquainting the tourist with the peculiarities of the local rules. At the entrances to all cities and towns there should be posted on signs of uniform size and character brief but accurate instructions as to the details of the community's rules. Park regulations signs should be posted where motorists are accustomed to looking for them and are instantly should bear the local instructions for direction.

"If every city and town in the country has streets of the same width, intersections of the same form and regulations identical, the same uniformity of traffic rules will never be possible.

"In certain cases it is obvious that it is more logical to have uniformity of rules in certain places than in others. For example, in a town where the streets are narrow and the traffic is heavy, it is more logical to have uniformity of rules in certain places than in others.

"The N. M. A. takes the position that it is not the duty of a community to make its rules so different from those of other communities that it is impossible for a tourist to know what to do. It is the duty of a community to make its rules so different from those of other communities that it is impossible for a tourist to know what to do.

"The N. M. A. takes the position that it is not the duty of a community to make its rules so different from those of other communities that it is impossible for a tourist to know what to do. It is the duty of a community to make its rules so different from those of other communities that it is impossible for a tourist to know what to do.

"The N. M. A. takes the position that it is not the duty of a community to make its rules so different from those of other communities that it is impossible for a tourist to know what to do. It is the duty of a community to make its rules so different from those of other communities that it is impossible for a tourist to know what to do.

New Overland Model Is Friend to Farmer

At last the farmer has been given a close-cut of superior finish inside and outside that he can utilize for various farm jobs and "chores" with the same cheerful abandon as he does his open touring car.

The friends of farmers have expressed the opinion that they would gladly use closed cars if they could get a lot of them the same all-around service the open car provides.

This has been the farmer's strongest argument for the touring car over the closed car for some years and it is admittedly a reasonable one. Practical service on the farm means the hauling of grain and other material of a highly "spillable" nature. A load of grain or shorts, for instance, leaves a car resembling the interior of a foot grinding room. Whole grain despite every precaution, will persist in "creeping out" of the bags and scatter to every corner and crevice of the car.

Summing up "practical service" for the farmer means the hauling of milk cans, live poultry, root crops, cans of kerosene, machinery, oil, household supplies, garden tools, implements, parts, rolls of baling and a long list of every conceivable sort of usable material on the farm from wire fencing to an occasional live calf.

No wonder the farmer hesitated to invest his money in a closed car. But now the farmer has a closed car. The new Overland closed car, fittingly named the Champion for the road and local person that is a closed car, has a closed car. The new Overland closed car, fittingly named the Champion for the road and local person that is a closed car, has a closed car.

This new model, having as many personalities as a South American character, can readily claim the distinction of being called "America's most versatile car" for an automobile. The Champion, which Overland has succeeded in bringing out, is a thing absolutely novel and radically unique. In fact, it is a type of motor car that the farmer has long wished for—and now has. It is probably the most extraordinarily useful car for the farmer that has ever been produced.

With the Champion, the farmer has a car that is a closed car. The new Overland closed car, fittingly named the Champion for the road and local person that is a closed car, has a closed car. The new Overland closed car, fittingly named the Champion for the road and local person that is a closed car, has a closed car.

HOOK 'EM COWBOY!

CORRECT BRAKES 4-WHEEL BRAKES SAVES SORROW PROVE EFFICIENT

Society Takes Hand in Car Stopping

With the Sherman act, the Clayton act, the Volstead act, etc., it would seem as if the country should be safe for auto travel, but apparently such is not the case. Behold, we have now a bill before several state legislatures, known as the "Brake Bill."

The bill of every motor vehicle, before it is driven within the state, shall, to less than every ninety days, be examined and tested. It shall be unlawful to drive or operate any motor vehicle without the examination and testing of brakes hereon provided.

And that isn't all. The department of public safety in New York and several other cities have living conditions, where the duty is to stop unresponsive motorists, appropriate the wheel and provide forth with to test the brakes. In the meantime, 1,000 brakes were so tested, and something more than 500 were reported to fix the brakes or see the judge, or both.

Signs of the times? The handwriting is on the wall, to say nothing of the police blotter. It behooves you and I, Mr. Lay Man, to investigate this subject of brakes before a blue-ribbon, brass-buttoned specialist does it for us.

Mr. Pre-Historic, when driving his Duesenberg, found that it slid down hill faster than it ran on the level. It took work to make the grade, but when he reached the top that grade, when he started down, it was as if it were a feather. It was a case of brakes, and as he made descent it was manifested in increased speed.

Sometimes enough so that he felt the need of something to break the force. According to the law, a vehicle around a rock and heated it over at the top of the hill.

Really, the law just learned the extra force and he relied to his case with clarity. Being an inventive mind, he soon tried at carrying the extra load and found that a stick pushed against the side of his car would greatly assist in accomplishing the same result. And there is the whole story in a nutshell.

Motorists should know that their brakes, toggle joints, living etc., are in perfect working condition.

Tests Conducted in New Jersey Show Strength

Four-wheel brakes, with which the new 1924 Buick automobiles have been equipped, were given a thorough test in New Jersey recently, by A. E. Wilson, sales manager for Buick's garage, Trenton agents for the machine, and Traffic Captain William P. Walker of the Central police station, in going to Matt May, local Buick distributor. The tests were given under all sorts of traffic conditions, and they served to convincingly demonstrate the fact that four-wheel brakes are of important importance of safety in the operation of a car. The machine used in making the tests was a five-passenger touring car, although machines of other types are also equipped with the brakes.

Wilson drove to the brake-testing station along the river road at Wilbur and while driving at the rate of 30 miles an hour succeeded with one definite in bringing the machine to a stop on a line established for a stop of 20 miles. A similar performance was given by Captain Walker, who later took the wheel, and the effectiveness of the brakes when applied upon rounding a curve at high speed was also impressively demonstrated.

Upon the completion of various tests, Captain Walker was instructed in his praise of the success experienced in the operation of the four-wheel brakes, Mr. May said:

"Since the automobile has become a part of American life, savings bank deposits have increased nearly 400 per cent. In 1900 the population of the nation was 77,255,000, in 1910 it grew to 92,402,000, and increased to 107,000,000 in 1920—in all a gain of slightly more than 30 per cent. At the same time car registrations increased from 13,800 in 1900 to 1,177,129 in 1920. Building and loan societies increased over 100 per cent in the same time. The threat of the nation increases in proportion to the number of motor cars used.

TO REDUCE ACCIDENTS To help reduce the number of traffic accidents, automobile clubs throughout the United States are calling the attention of motorists to the importance of having their brakes, headlights, tires, horns, steering wheels, suspension systems and other equipment examined at regular intervals.

BANK SAVINGS INCREASE

Since the automobile has become a part of American life, savings bank deposits have increased nearly 400 per cent. In 1900 the population of the nation was 77,255,000, in 1910 it grew to 92,402,000, and increased to 107,000,000 in 1920—in all a gain of slightly more than 30 per cent. At the same time car registrations increased from 13,800 in 1900 to 1,177,129 in 1920. Building and loan societies increased over 100 per cent in the same time. The threat of the nation increases in proportion to the number of motor cars used.

BAD HIGHWAYS HALTS TRAVEL

Port Arthur Couple 5 Days On Roads

After a five hundred mile trip through Houston, San Antonio, Laredo and Nuevo Mexico, Mr. and Mrs. Charles W. Hughes have returned to Port Arthur and report that the roads in Laredo were in such bad condition on account of the heavy rains in that section they were five days in making the trip from Port Arthur to that city.

During a heavy rain storm, one night just a few miles on this side of Houston, their automobile turned over, pinning both Mr. and Mrs. Hughes beneath it. They remained there until some negroes seeing the accident tore the curtains from the sides of the car and extricated them. The automobile received a bent top and a broken windshield but Mr. and Mrs. Hughes escaped without injury.

After having the automobile towed to town and repaired they continued their journey to Laredo, sometimes making only five miles an hour on the muddy roads. While in Laredo they visited Mr. Hughes' relatives and made a trip into old Mexico.

Absorption Process Affords Much Fuel For Auto Service

WASHINGTON, Oct. 27.—(Times)—More gasoline—and still more! Gas from the oil fields. Gas from the coal fields. Gas from the gas fields.

Do you wonder there's a surplus of this auto fuel here, and that the price can be lowered so much? Of course, most gasoline comes direct from the oil fields. And the shale deposits out west are being held for the time when the oil fields give out. Big Business.

Facts and figures revealed by the United States geological survey here show the gasoline production of the country has been increased lately at the rate of a billion gallons a year. This means alone! Which makes the natural gas field quite an important factor in the supply of the automotive fuel.

It was not until comparatively recently that gasoline has been extracted in sufficient quantities from natural gas, although the first gasoline of this kind was produced in 1904. The big jump in the production of the gasoline came with the invention of what is called the absorption, or soaking process.

Before this new method was used,

WOMAN NOT A CRIME?

Why Women Need No Law Against It

PORT ARTHUR, Tex., Oct. 27.—It appears to be little a man can do to a woman by way of criminal prosecution when another man prevails upon his wife to leave him.

Edward Bernard, 37, said he found his wife out while searching here and there for some kind of a remedy at last whereby he might reach a lesson to the man who, he alleges, started to run away with his wife and four children.

The "other man" in the case Bernard named as Joseph Blye, 28, who he said at the Bernard home approximately one month, and who is now in jail at Bonner Springs.

Blye was arrested there by a deputy sheriff. With him were Bernard's wife, Lula, 27, and the four children, the eldest of whom is 7 years old and the youngest 18 months.

The fugitives were in a Ford car and equipped with a complete camping outfit. They were headed for Mexico, it was reported.

According to Bernard, he was advised in Bonner Springs to see the county attorney, which he did. He found out there, he continued, that there was nothing that could be done in view of the fact that his wife's action in running away with Blye was voluntary.

"All right, then," Bernard inquired, "what can I do about the children? My wife can go if she wants to, but I want our four kiddies. What shall I do about that?"

He was told to interview the judge of the juvenile court. He did that, he said, but was told there to go back to Bonner Springs and see what could be done from that end.

So, tired and discouraged, but with a burning desire to "get control of the kiddies," he set out for Bonner Springs.

"Blye had been boarding with us for about a month," Bernard said. "He wasn't with us but a short time when I didn't like the looks of things, and I told my wife I was going to tell him to leave. But she wouldn't have it."

Plan Civil Suit.

"So I let matters run on for a while. But, finally, I couldn't stand it any longer, and told Blye to beat it and beat it now."

"Then I went to work, and when I came back my wife, Blye and the children were gone. And I haven't seen any of them since."

"It does seem funny, though, that a man can't get action against another man for running away with his wife. And I don't understand either," he continued, and there was a pathetic expression of hopefulness in his face. "Why, I can't find a way to get my

PRINCESS WEBS ROYALTY'S SCION

But It's So Common Now It Excites No Notice

BERLIN, Oct. 27.—Daughters and sons of former kings now marry in Europe with scant mention in the society columns of the newspapers.

Princess Pia Anna Monica, daughter of former King Frederick August of Saxony, recently married Duke Joseph of Austria.

The wedding took place at Sybilent Castle, near Munich, Bavaria, and the affair was so unostentatious and slightly heralded that even the neighbors scarcely knew that the ceremony had been performed.

Met Last August.

The bride and groom first met in Hagenburg during August at the wedding of Prince Frederick Christian of Saxony and the Princess of Thurn and Taxis. The engagement was simply announced a few weeks later and the wedding was so quiet that there was little chance for the society gossips to reveal the domestic troubles of Saxony's king, which resulted in divorcing his wife because of an "affair" which she had with a tutor whom she afterward married. That was twenty years ago, and

the bride of a few days ago was born after the divorce was granted, but always has lived with her father.

The former queen now is known as the Countess Montignoso. She has been married and divorced several times since she parted from King Friedrich August. She now lives in Spain. Friedrich August never remarried.

Mourning No Power.

Princess Hermine, wife of former Emperor William of Germany, recently paid a graceful tribute to an aged servant in Dresden, which tends to discredit charge that she passed as the successor of the late Empress Augusta Victoria.

In accordance with the old German custom that the kaiser should send her autograph photograph to servants who round out fifty years in service in the same family, a Saxon family wrote, Hermine told her that a venerable maid in their employ would appreciate an autograph of her.

Hawaii Advertiser.

HONOLULU.—Hawaiians will tell you it pays to advertise. Last spring they began telling their mainland brethren that the islands were considerably more than just a winter resort. Ads in leading periodicals set forth advantages of Hawaii's summer climate. Result? was thousands of tourists whiffed every the winter months in the "Paradise of the Pacific." And the thermometer didn't soar above 85.

Useful Gamblers.

With good teachers, they can pick up antileft habits while they're mastering their alphabets. So say London police who raided a gambling house where bets were being accepted from children as young as 7. In five days, one constable declares he saw 172 girls and 189 boys, still in grammar schools, enter the resort.

STORMS KILL CATTLE THROUGH ARGENTINE

BUENOS AIRES, Oct. 27.—The ministry of agriculture has just published a livestock census which shows there has been a serious decrease in the number of sheep and hogs since 1914, although cattle have increased.

The total number of cattle in the republic is reported to be 37,064,830, as compared with 25,804,843 in 1914. Of this total 1,023,597 are pure bred animals.

The total number of sheep is fixed at 30,671,947, a decrease of 12,533,611 over 1914, while the number of hogs is reported to be 1,390,039, a decrease of 1,430,947 since 1914.

Despite the decrease, it is pointed out there are more than three head of sheep for inhabitants of the republic and nearly four head of cattle.

The decreases are the result of severe storms on the Pampas in September, this year, when it is estimated 200,000 head of livestock perished in the Pampas and 40,000 in other provinces, or 15 per cent of the total stock of these provinces.

Do Not Forget

that the dollar you spend for luxuries is gone forever, and often draws other dollars after it.

The dollar you pass over the Savings Counter in this bank is saved and begins at once to earn another dollar.

4% on Savings

Save and Invest

That is the plan of the Homestead. Save a stated sum each month and it becomes an investment for the interest is compounded semi-annually, at 10%.

We Could Have Saved Them Many Dollars

Millions of dollars have been lost in this country through the purchase of worthless stocks and so-called bonds in the last few months. As bankers, we have advance information available which would have warned the losers to "Look-out." We offer this community dependable advice about investment purchases which are being considered. We make no charge.

Every part of a dollar earned that is saved represents capitalized energy, to be used at some future time to relieve sickness, or to make possible some period of rest free of worry, full of consciousness that the money for the purpose can be spared.

Perhaps you know that awful sinking feeling—the something that seems to grip our vitals when we are penniless. Most of us have experienced it at one time or another. That feeling in your own heart is the best advertisement on earth. There can be no real success or independence without saving.

There are four things essential to industry and thus to all modern life—hand, labor, money and management. A factory or business must have all four. Modern business requires so much money that no one group of people can supply it. All the money in all the banks is needed and used. You not only benefit directly by having money in this Bank, but you help move the wheels of industry and promote prosperity.

WILL UNCOVER MAYA SECRETS

U. S. Expedition to Visit Old Yucatan Civilization

WASHINGTON, Oct. 26.—One of the most important scientific explorations probably ever undertaken and one which may resurrect a civilization antedating that of ancient Egypt will begin soon, in accordance with a contract recently signed between the Mexican government and the Carnegie Institution of Washington. This will be a complete exploration of the ancient civilization of the Maya race of Mexico. The Maya civilization flourished in Yucatan, Mexico. The impending exploration regarded as of the greatest importance and significance to the scientific world.

The group of scientists who will undertake the exploration probably will be headed by Dr. S. G. Morley. Dr. Morley has lived and studied many years in Yucatan and is the possessor of the most profound knowledge on the Maya race. It is expected that at least he will be in charge of the archaeological phase of the exploration.

Clearing Jungle
Work is now in progress in Yucatan to clear away the weeds and brush that have grown up around the ruins of the Maya civilization in order to facilitate the investigations of the scientists.

A great human and for the impending exploration has been discovered in Yucatan—a Maya boy, who is a direct descendant of the last Maya king, according to word received here. It is said that this boy is able to read some of the ancient Maya writing and he will be employed to aid the scientists in their efforts to translate these thoughts of the hidden centuries.

The world has been unable only to guess at the achievements of the Maya civilization. But now the scientific exploration led by the Carnegie Institution is to make the most complete investigation of all phases of the civilization of the Mayas.

Restore Great Cities
The great Maya cities will be in part restored, the lives of the people will be delved into and the conditions under which they flourished will be studied to determine how this mysterious race was able to achieve its progress. The Maya treasures will be salvaged, and after the work has been completed this ancient resurrected civilization will be preserved for posterity.

As an example of the great attainments which the Mayas developed, it is said at the Carnegie Institution here that the so-called ball court of the ancient Maya city of Chichen-Itza, on which the coming exploration will center, was constructed in such a manner and its acoustics so arranged that the voice of ordinary pitch spoken in one corner of the court could be distinctly heard and understood opposite, about sixty yards away.

The greatest scientists in the world on the subject of the Maya civilization will be asked by the Carnegie Institution to take part in the explorations.

LABOR INSPECTOR EXAMINES BEAUMONT

BEAUMONT, Texas, Oct. 27.—Mrs. Dottie Thorpe, state inspector of the bureau of labor statistics, who caused the arrest of several Port Arthurians last week is now investigating the situation in Beaumont relative to women working longer than the hours prescribed by state laws. No arrests have been made to date.

PRICES CRASH WHEN 'LEGGERS' DISAGREE

PITTSBURGH, Pa., Oct. 27.—The "bootleggers' union of Allegheny county" has collapsed. "Prices are being cut right and left," declared a leading liquor dealer today. "A gallon of good moonshine may now be bought for \$4. I would not be surprised to see the price go down to \$1 a gallon."

'Chick' Evans Bankrupt, Wants to Keep Clubs; Bad Tips Cause, Claims

CHICAGO, October 27.—Charles "Chick" Evans, Jr., amateur golf star of international reputation, today filed a voluntary petition in bankruptcy in United States district court here. Evans listed his liabilities at \$262,390.40 and assets at \$50,719.86. His indebtedness was incurred, the petition said, in stock transactions, "most of which were made on bad tips from supposed friends."

Evans offered the court, for the satisfaction of creditors' claims, all his possessions, including honorary membership in more than 100 golf and athletic clubs throughout the country. He asked only to keep his cherished golf clubs, the famous Evans tool bag, a few balls, a collection of golf photographs and several books.

FAY CUSICK SUING MATE FOR DIVORCE

NEW YORK, Oct. 27.—Miss Fay Cusick, actress and daughter of a Chicago newspaper editor, admitted she had brought suit for divorce against Victor Sutherland, now leading man for Alice Brady, in Chicago. Sutherland formerly was the husband of Pearl White, moving picture star. An "unknown woman" is said to be mentioned in the proceedings. Miss Cusick at her home, said:

"There was nothing else to do after his response to a telegram I sent him when I was desperately ill recently and pleading from an operation. It sent word back that I could depend upon my mother for support. He knew and knows now that my mother has no money."

GIDDINGS CHILDREN HURT IN ACCIDENTS

GIDDINGS, Texas, Oct. 27.—M. G. Heck, Jr., 14 years old, came in contact with a live electric line and was severely burned. An electric light pole had been blown down by a high wind and the wires were only a few feet from the ground.

Catherine Morkisch, 4 years old, was run over by a large touring car, driven by Mrs. M. E. Suchs of this place. A front and a rear wheel passed over the girl's body.

Her sister, Adele, 6 years old, was also injured, a deep gash being cut in her forehead.

HORSES UNDERSTAND? 'SURE' SAY SMALL BOYS

HILLSDALE, Mich., Oct. 27.—The small boy population of Hillsdale is telling in sad and pitiful tones of the remarkable intelligence of Prince, the big black fore horse that had helped haul the apparatus for so many years.

Recently Prince's chief went before the council and asked for new apparatus, adding that "if the present horse system is to be continued as supplementary help, then younger and stronger horses must be obtained."

A few days later Prince was found dead in his stall.

Many Wild Ducks At Stamford Lake

STAMFORD, Texas, Oct. 27.—Thousands of many ducks and mudhens line the shores of College Lake, east of town. The destruction of bird life is due to hunters shooting the ducks out on the water during the night and falling to recover them. The lake is full of water and overflowing into the lowland. The lake has a larger number of wild ducks this early in the season than known for several years.

Explosion Injures Oil Field Worker

SAN ANGELO, Texas, Oct. 27.—The explosion of a boiler at the Santa Rita well of the Texon Oil and Land company in Reagan county, seriously injured Fred Boege, 25 years old, night pumpman.

Boege sustained cuts and burns about the head, a broken left leg, a mashed hand and possibly one or more fractured ribs. It is believed he will recover.

This is the first accident in the new Reagan county oil field.

RAIL CROSSING FATAL TO FIVE

Entire Family Killed, Minister Injured

WINFIELD, Ala., Oct. 27.—A clock shows that five persons were killed and one injured as a result of the grade crossing accident one mile north of here yesterday in which an automobile loaded with people returning from church was struck by a Frisco railroad passenger train.

The family of Percy F. Lucas of Winfield, Ala., which included himself, wife and 2-year-old child, was wiped out by the accident. The Rev. W. D. Otts of Sulligent, Ala., and the Rev. Max Hinkins of Fulton, Miss., also were killed. The injured man is Rev. B. A. Carter of Fulton, Miss., who is in an Army (Mills) hospital, where it is reported he has a good chance to recover.

The curtains were up on the car. It is stated, and a sharp curve near the crossing also obstructed the view of Lucas, who was driving. The automobile was thrown some distance and the Lucas infant was picked up by the pilot of the engine and carried nearly a mile before the train was stopped.

Their Lucky Strike

LONDON.—Two small boys in a Welsh village recently unearthed a find of what experts consider some of the rarest Roman coins ever found, when they knocked their cricket ball into a depression in a field which had formed after a heavy rain. The coins were covered with an earthen-like vessel fairly intact.

Another Buried In His Suit, He Finds Too Late

SANTA BARBARA, Cal., Oct. 27.—Just because the clerk in a cleaning establishment mixed up his tags, a Santa Barbara business man learned today that his best suit lay in another man's grave.

An undertaker took to the cleaners a suit intended for the funeral of a pioneer. At the same time the business man sent his suit for cleaning. This morning when the business man sent for his suit he received clothing he did not recognize. The cleaner went to the undertaker and told of the mistake.

"I am sorry," said the undertaker, "but we buried the man in that suit."

Winning Airmen Plan Non-Stop Coast to Coast

SAN DIEGO, Oct. 27.—With the completion of their successful border to border non-stop flight last night, Captain Lowell Smith and Lieutenant John P. Richter, army fliers, today are planning even a greater feat—a non-stop trip from the Pacific to the Atlantic.

Tentative plans, not yet sanctioned by the bureau of aeronautics, call for a cross continent refueling flight.

NEGRO BURNED

WILLIE WILLIAMS, negro, was slightly burned while at work in the Kansas City Southern railroad yards here about 7 o'clock Thursday night. It was reported at Mary Gates hospital, where the negro was rushed in a grammar ambulance following the accident. His burns are not serious, according to reports at the hospital.

Lake Arthur (La.)

Mr. and Mrs. J. H. Letney and daughter, Miss Delma, of Brookland, Texas, are now residing in Port Neches. They are now opening up a general merchandise store in the building recently vacated by J. G. Guesse & Co.

Mr. and Mrs. Dingle of Pennsylvania are here to spend the winter with their son, Dr. F. S. Dingle, II. Caraway was called to Fred, Texas, to attend the funeral of his grandfather, who died in Beaumont Wednesday.

Mrs. Kiber of Port Arthur is here for a visit with Mrs. A. C. Black. Miss Ruth Cummings spent the week-end in Dallas attending the fair.

W. P. Gage, Mr. Fitzgerald and Mr. Shipley of Dallas were here last week in the interest of the Humphreys Oil company.

P. H. Callender has returned to Port Neches after a visit on the Pacific coast. He advises that Mrs. Callender and children will return in a few days and will again make Port Neches their home.

A great number from here attended the revival meeting at Rev. Ed. Morgan conducted at the Methodist church in Nederland this week. Tuesday night was designated as Port Neches night.

Mrs. J. G. Welsh will leave this week for Dallas, where she will visit her mother.

D. L. Johnson spent last Sunday in Woodville with his parents.

Mrs. Henry Spurlock and daughter Ethel have returned from an extended visit in El Paso.

Mrs. W. Stovall spent Wednesday in Beaumont.

Mrs. J. Levy was reported on the sick list this week.

Sour Lake News

Among the visitors to the state fair at Dallas from Sour Lake this week are: Miss Nina Robinson, Mr. and Mrs. C. D. Edwards, Selby Edwards, W. L. Clark, Rev. C. N. Calmes and H. Blum.

Hanshaw Thomas of Houston visited in the city the first of the week. He was accompanied by his two little sons, who are now guests here of their grandparents, Mr. and Mrs. B. L. Cornwell.

Miss Gladys Foley of Hankamer and Miss Lillian Edwards of Wallisville spent last week-end with home folks here.

Mr. and Mrs. A. H. Smith were Beaumont visitors Monday.

Jimmie Lee Hillier is here from San Augustine on a week's visit to his wife and parents.

Miss Lillian Rodriguez has recently been very sick.

The Parent-Teachers' association meeting was postponed until next Thursday on account of inconvenience.

Mr. and Mrs. C. H. McGaffey and Mr. and Mrs. Tree, motored to Hamshire Friday, visiting friends and relatives there.

"Mac" McGaffey went to California to visit the whole state for his vacation.

The Women's Missionary society met Tuesday evening at 7:30. The session was a business one.

The Volunteer society met Saturday in the home of Mrs. L. O. Olson.

The ladies of the society met here and went to the Chinese children's fair at Beaumont.

A ship hauled in Sabine Saturday night gave a moving picture show.

Miss Lillian Johnson spent Sunday night in Beaumont.

W. C. Rembert of Port Arthur spent Friday here.

Miss Mary F. Page has been seriously ill and is slowly recovering.

A Halloween dance was given Friday night by the Parent-Teachers' association. A band from Beaumont furnished music.

Complimenting her guest, Mrs. O. L. Jenkins of Berkeley, California, Mrs. Claude Lamb entertained with a tacky party Saturday afternoon.

Mrs. P. B. Manourvill won the prize. Members of Congregational church inaugurated "Church Night" as a monthly business and fellowship meeting last Thursday.

The junior department served refreshments and the Harvey sisters of Welsh entertained.

Rev. P. B. Ellsworth, pastor of the Christian church, is conducting a series of evangelistic service at Edgely.

Cards have been received for the union religious census of the city. L. L. Crowl is distributing them to canvassers.

Rev. J. E. Reid of Dallas, district manager of the Salvation Army campaign for funds, spoke at several Jennings churches Sunday preparatory to conducting a campaign here.

The lady friends of the Jennings fire department entertained the firemen with a surprise social and supper at the hall Friday evening.

Dr. I. E. Reid addressed the Parent-Teachers' association on Boy Scout work at the Tuesday meeting.

Dr. and Mrs. N. S. Craig have as their guests their daughter and granddaughter, Mrs. Wendel Gilgis and Alice Margaret Gilgis of Chicago.

Mrs. A. E. Broussard of Beaumont is here visiting her parents, Mr. and Mrs. A. M. Gauthier.

The Women's Literary club met with Mrs. Marjorie Foster Friday afternoon. Mrs. Harry Hollins presided and Mrs. J. S. Mallet conducted the lesson.

Mrs. Harry Hollins was hostess to the Weekly Bridge club. Mrs. Roy

THE HOUSE OF SERVICE

Is Really the Shurkackle Season

RIGHT at this time of the year, the egg production of your hens starts to fall off. It is this time of the year that the grass and other green foods of nature begin to die and turn brown, it is this time of the year that unless the most careful attention is given to your hens they are going to stop laying all together.

RIGHT now is the time for you to find a substitute for those things that nature supplies during the summer months. And that substitute is SHURKACKLE. If you will use SHURKACKLE in connection with Jo-Mil EGG MASH we will guarantee you that you will not only get as many eggs now as you ordinarily do, but will get more. Then too if after trying SHURKACKLE you do not find that you are getting more egg production from your hens and at the same time have healthier poultry we will refund every nickel that you paid for the trial. Is not that a fair enough proposition?

Plans Anticipate Needs for City of 100,000

Facilities for bringing an ice production up to 175 tons a day are to be installed in the near future by the Port Arthur Ice and Refrigerating company. It was announced last night that the company has been in the hands of the architects and work is to be started in time to have the new plant in working order by the summer season. M. P. McFadden, superintendent of the Eastern Texas Electric company announced last night.

Because of the rapid growth of Port Arthur and the growing demand for ice put upon the company under the present conditions it is necessary to plan the new addition, he said.

In addition to having an ice production capacity of 175 tons daily, the new project will embody facilities for the storage of ice to accommodate the varying demands from day to day.

Ice to be manufactured in the new plant will be made from distilled water in order to insure a maximum amount of cleanliness in the finished product. All machinery to be installed in the plant will be of electric motive power, it is understood.

In discussing the proposed project last night M. P. McFadden said:

"We have secured sufficient land on a paved street in the city which will enable us to expand as the growth of the city warrants. With the units now in mind it will be possible to take care of the needs of a city of between 50,000 and 100,000 people."

All the equipment has been ordered and our architects and engineers ordered to proceed with arrangements preliminary to actual building."

PHONE DISPUTE IN NEW APPEAL

Claims Disconnection Lost Him Pay

How much is inconvenience worth to you in damages?

This question is to be decided November 22, by the court of civil appeals on a case going up from the county court of law at Beaumont, J. A. Stripling and wife of Port Arthur are the plaintiffs in the suit against the Southwestern Bell Telephone company.

Sometime ago, it has developed at other hearings of the suit, the telephone company disconnected the phone at the Stripling residence for alleged failure to pay bills. Among himself with the records for the disputed bill Stripling sought to have the telephone connections restored, but failed.

Going into a justice court Stripling and Mrs. Stripling sued the phone company charging that the husband had been "doctored" several times from his pay check because of loss of time from work while endeavoring to get the telephone reconnected. Mrs. Stripling was all at the time, it was alleged in the first suit, and for inconvenience caused by not having a phone during this time, damages were asked.

In the first hearing of the case in a local justice court Stripling was awarded a verdict of \$107.25 for "inconvenience, humiliation and loss of working time."

An appeal to the county court at law was taken, where the verdict was returned in favor of plaintiff Stripling, but the amount of damages was reduced to \$16.25, the time Stripling testified he lost from his work.

Contending that the amount awarded by the jury in the county court at law was insufficient Judge Howe appealed the case to the court of civil appeals. Yesterday he finished briefing the case and it will be heard November 22.

**FARMER'S WATCH
AUTOMATIC WINDER**

CHATTANOOGA, Tenn., Oct. 27.—Sam Bird, a farmer, living near here, owns what is thought to be the only watch in the world which does not have to be wound.

The timepiece made by the farmer jeweler during his leisure hours, is provided with a small pendulum, which swings back and forth when he walks. This movement winds the springs of the watch.

**TWO ARRESTED ON
"GUN TOTING" CHARGE**

And Zero and Guy Chiswell were arrested yesterday by Detectives Fox and Bailey, charged with carrying concealed weapons. The men gave bonds for their appearance in corporation court on the charges.

**NEW LAMP BURNS
94 PER CENT AIR**

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. T. Johnson, 600 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the apparatus, and without experience or money make \$250 to \$500 per month, and.

et. in connection with the proposed paving department Friday, Nov. 2nd, with within the next twelve months to be completed of paved and surfaced streets surrounding practically every block in the city on which there is a house or building, and in the event of paving probably will extend any city in Texas, according to statement from the office of the city engineer.

A tax levy of about \$ 2.4 cents on each \$100 valuation would provide interest and sinking fund for the sum required for the above work.

MADE TO WED AT 13. SHE SEEKS FREEDOM

DETROIT, Oct. 27.—A tale of being forced into a marriage when she was 13 years old, was told in a bill for annulment filed here for Pauline Kurulak by her next friend, William Curley.

The marriage, the bill says, was in Howell, Saskatchewan, on Feb. 10, 1919. An uncle of the girl stood beside her and threatened her with a beating if she refused to answer "yes" to the formal questions of the ceremony, the bill declares. A few months later, according to Mrs. Kurulak's story, she left her husband.

Delinicator Patterns GOLDBERG'S

An Interesting Variety of Wraps—For Mi-Lady

—Yesterday's express added a charming assortment of Wraps or Coats to our already large selection. Just anything one may have in mind in either of these outer garments can readily be found at Goldberg's.

—As one goes through the stock they come in contact with a coat of fine bolivia with a fur cuff and flowing sleeve; another coat will be made of large blocked woollens with a collar of fox to match the cloth; also you see a Jacquette of smart attractive chinchilla, again one will come across a distinctive coat of duve-de-laine with embroidered back, self belt and fur that matches exquisitely.

—the colors are everything one may wish for—tan, gray, polo gray, black, navy, covert, navy blue, grayish combinations, etc.

—you may desire a 3-4 coat for fall—or maybe a full length coat—possibly a short jacquette—either of your many desires will be fulfilled in this large assortment.

See these coats in our ladies' ready to wear department.

Prices Range
\$29 and Better

Evening
Gowns at
GOLDBERG'S

Furs of Every
Conceivable
Description

—the striking rays of colorful silks sets one agog—makes them feel the desire to be in one and dance to the tuneful sounds of music.

—delicate shades of pink, rose, blue, jade, with overlace of match or contrasting effects or trimmed with feathers at waist and sleeve, then we show them in black heavily beaded with cut stones at waist or sleeve.

—the variety is ample for choosing; the styles of the newest developments, sizes range 16 to 38, priced \$39.50 and better.

—what adds more charm or style to a beautiful dress or gown than an attractive soft finished fur or neck-piece—it's the finishing touch to a woman's appearance.

—chokers in tan, gray, brown and the various other shades that are worn so much this season can be found here. They have eyes that sparkle, tails of match skins and the four pouts still attached.

—scarf skins are just as much in vogue this season as ever before with one exception they are not as wide—being round in shape and having the appearance of the live animal; in all colors of the season.

Bulldogs Race Across Local Goal for 14-0 Victory

of Iglesias in Contest Helps Decide Tilt

Half Snatches Pass From Crow's Hands And Races 65 Yards For Touchdown; Hines Clinches Victory for Heights

BY BILL ARCHER
Port Arthur News Sport Editor.

A tenacity symbolic of their moniker, the Bulldogs from Houston Heights raced across the unscathed goal line of Port Arthur High here yesterday, and the Yellow Jackets, by the loss of their sensational quarterback, "Mohicky" Iglesias, fell on Franklin Field before the hand of gridiron fate, suffered the first time this year, 14 to 0. It was not a game of this, but every break of the game went against Port Arthur.

Watching the pigskin almost in the hands of Captain Crow, Marmion, stellar right halfback of the visiting eleven, raced 65 yards for a touchdown when less than three minutes of play had been chalked up on the record books. It was a decidedly unexpected upturn, and fandon, always quick to acclaim the victor and raze the loser, was ready to glorify Marmion. Twenty minutes later the culmination of a well-oiled, well-schemed plot had been carried out and Iglesias, whose running toe and daring arm mounted in visiting hearts was sent to the sidelines, hurt.

That was the second break the visitors got.

In the third quarter, when it seemed inevitable that another score should be tallied, Hines captured a perfect pass from Tidmore's hands and sped 20 yards for the second touchdown. Two Tidmore, playing an airtight game at left half, booted the pigskin over the bar between the uprights. And that's the way it ended, 14 to 0.

Port Arthur had Houston Heights outlasted in every department of the game save in the backfield. Eleven times in a row, the wrath of the Yellow Jacket sprang from its nest for first downs. Houston made only one. The lighter line of Port Arthur warriors, held like the stone-wall it has been so rightfully termed, dependable at every turn, a sudden block to the plumes of Houston's backs. But with the departure of "Mohicky" Iglesias, Coach Leo Smith's backfield was gone.

The locals developed an aerial game that outlasted the visitors 3 to 1. Crow and Trow kept the aerial attack, but the backfield, after "Mohicky" went out, fell fast asleep more than once.

Just as the scrappy Iglesias had come up from the ranks of the unknown quantity that often sits throughout a game along the sidelines, Batterbee, light sprightly, full of pep, sprang himself into the limelight of yesterday. Batterbee, who took up the helm of the Yellow Jacket next, plumped, raced down the field past tackles, and shot the locals into the fray with all the fervor of another "Mohicky." He was decidedly a big factor in Port Arthur's fight, though it was his first official game. He will probably replace Iglesias in the next clash, for the first quarter is out for a while with a bruised arm.

Penalties were frequent yesterday. Port Arthur drew three 5-yard taxations for her over-zealousness; Houston lost 25 yards in 5 separate counts. It was a scrap all the way yesterday, with Marmion, Stump and Tidmore vying for Houston honors; but the mere score does not tell the story.

First Quarter
Port Arthur won the toss, chose the north goal, and Hyde booted 10 yards to Tidmore, who returned 10.

HEIGHTS Tidmore made about 3 yards through right tackle. Tidmore fumbled on the next play, and Walker recovered the pigskin for Port Arthur.

PORT ARTHUR: Marmion intercepted a pass from Iglesias to Crow and raced 65 yards for a touchdown. Tidmore kicked a perfect goal. Score: Houston 7, Port Arthur 0.

Marmion received on Port Arthur's 20-yard line and returned 25 yards to lose a Marmion and White sweated youth damped him.

PORT ARTHUR: Iglesias made 3 yards around left end. W. Butand made it first down on the play. Tidmore made 2 yards through right tackle. Iglesias fumbled on the next play, and Walker recovered the pigskin for Port Arthur.

Coach Leo Smith's Yellow Jackets Who Lost to Houston

Port Arthur's Waterloo came yesterday when the Bulldogs from Houston Heights trampled over the uncrossed goal line twice for tallies, to which a stellar toe added two points for the 14-0 victory. Next week-end the 5 meet another Houston squad—Central High—in Port Arthur.

BAYLOR DEFEATS OUCHITA TEAM

Bears Launch Fast Offensive Attack

WACO, Oct. 27.—Baylor defeated Ouchita college here today 16 to 2 at the Cotton Palace field.

The Baylor Bears launched a fast offensive drive in the third quarter that netted them two touchdowns and a field goal, a total of 16 points, while the best Ouchita college could do was three points on a field goal in the second quarter.

Varsi Loss, Tidmore kicked 25 yards. Marmion, who was damped in his tracks by a series of the Marmion and White. PORT ARTHUR: Batterbee made 2 yards through right end. A pass from Schlicher to Marmion failed to connect. Schlicher elected to boot again and pounced the ball over Houston's line a second time. It was Houston's ball on her own 20-yard line. HOUSTON: Coach Smith sent Sullivan in to replace Morgan and Tidmore celebrated the change-up with a 3-yard gain through the line.

Marmion ran outside the field on the Heights. Howard Line for Houston's only first down of the game. Tidmore made a yard through right tackle. Times received injuries during the scrimmage and held time out for the Heights. Port Arthur substituted Taylor for Bourg during the wait. Marmion made a yard through the line and Tidmore booted 20 yards to Sullivan. Hines dropping the local Yellow Jacket where he captured the ball. PORT ARTHUR: Schlicher made 5 yards about left end. Schlicher kicked 20 yards and the ball was back in the visitors' territory. Hyde dumping Stump where he caught the punt. Stump was hurt when he vied to the ground and held time out again for Houston. HOUSTON: Port Arthur substituted Guts for Schlicher for W. Butand. Tidmore enjoyed the change and collected 2 yards on a tackle play. Prejan damped Marmion for a 5-yard loss on the next play. Stump failed to gain. The ball was on Houston's 47-yard line. Tidmore muffed 15 yards; the ball going out on the 50-yard line. PORT ARTHUR: Sullivan failed to complete a pass to Crow. Another from Sullivan's hands failed to reach Prejan. Schlicher's punt was blocked by Hines, who recovered the ball for the Heights crew. HOUSTON: Marmion made a yard through the left wing. Tidmore had better fingers again and dropped the ball. Walker recovering for the locals. PORT ARTHUR: Sullivan failed to gain through the line. The ball was on Port Arthur's 40-yard line at the half. Score: Houston 7, Port Arthur 0.

Third Quarter
Port Arthur substituted her original line-up at the beginning of the second half, with the exception of "Mohicky" Iglesias, who returned to the field in civilian clothes. He was out of the game—perhaps for the remainder of the year. Houston's line was unchanged.

Tidmore kicked 40 yards to Batterbee, who returned 25 yards on a sensational run.

PORT ARTHUR: Schlicher made 8 yards through the line and first down on the next play. Batterbee made 5 yards around left end. Morgan gained a yard on off tackle play. Schlicher gained 3 yards through center and punted 40 on the next play, the ball going out on Houston's 20-yard line. HOUSTON: Tidmore made 5 yards at right end. W. Butand being hurt during the scrimmage and holding time out for the locals. Tidmore lost 2 yards about the right wing when play resumed. The visitors.

PORT ARTHUR: Schlicher made 8 yards through the line and first down on the next play. Batterbee made 5 yards around left end. Morgan gained a yard on off tackle play. Schlicher gained 3 yards through center and punted 40 on the next play, the ball going out on Houston's 20-yard line. HOUSTON: Tidmore made 5 yards at right end. W. Butand being hurt during the scrimmage and holding time out for the locals. Tidmore lost 2 yards about the right wing when play resumed. The visitors.

Longhorns Batter Pirates Down

USTIN, Oct. 27.—The Texas Longhorns battered their way to another victory over Southwestern this afternoon defeating them 44 to 0. After Captain Times was hurt, "Casey" Ward went to the backfield and plunged over the line three times for touchdowns. Houston kicked goal each time.

Only one point failed after touchdown and that was when Smith failed to kick a drop kick.

The outstanding player for the Pirates was Gunn, whose brilliant running and dodging was a feature of the game, until he was hurt and had to retire.

Richard played his usual good game at half. Shearer substituted end for the Longhorns, was the most outstanding wing man of either team. Of the six end men on both sides his play was far above any of the others both as to tackling and on the offense.

Score by quarters:
Texas 7 10 7 20—44
Southwestern 0 0 0 0—0

For the first time since 1907, the Indians will go back to Hanover with a win from Harvard and for only the third time in 25 years.

Haves and Haves were the outstanding stars for the green. When a gain was needed it was Haves who carried the ball. It was Haves who went over for the first touchdown, giving Dartmouth a lead from which they were never headed. Haves it was who kicked the goal for a point.

Hall, of Dartmouth, gained another six points for his team in the second quarter when he scored a touchdown after Kelly intercepted a Harvard forward pass.

In the third period neither team scored but in the final period Aschenbach added three more points to the green's total when he sent a beautiful kick over the goal posts.

At only one time did Harvard show signs of scoring; this was in the third period. An attempt for a field goal failed.

After the game the Dartmouth students and teachers raised a ruck. They poured over the field and a long snaking crowd wound around the goalposts headed by the famous Dartmouth student band.

Hats were tossed high in the air over the goal posts, and cheered the field when the rosters marched off. The lineup:

Dartmouth Position
Hickman left end
Schlicher left tackle
Hickman left guard
Hickman center
Hickman right guard
Hickman right tackle
Hickman right end
Hickman full back
Hickman quarterback
Hickman half back
Hickman full back

Score by periods:
Dartmouth—7, 6, 0, 3—16.
Harvard—0, 0, 0, 0—0.
Touchdowns: By Haves and Hall. Points by goal from touchdown, Haves, field goal, Aschenbach. Referee, Dr. Edward O'Brien of Tufts. Umpire, Fred W. Murphy of Brown. Field judge, W. R. Olsson of Lehigh. Line-man, Hugh McGrath of Boston college.

Bill's Coming
I saw you taking home a nice-looking lobster last night. How much did it cost you?
I don't know yet. The doctor is up at the house now.—Passing Show, London.

Yale Conquers Over Brown Through Star Performance of Eli Baseball Veteran

NEW HAVEN, Conn., Oct. 27.—Duke Pond, Yale's star varsity baseball pitcher, found new worlds to conquer here this afternoon when he led the Yale eleven to a pleasing 21 to 0 victory over Brown.

Running the ends, plunging through the line and skirting the tackles, Pond was almost unstoppable. He scored two touchdowns.

Miller scored a third touchdown for Yale when he fell on the ball back of Brown's goal line after a Brown punt had been blocked and deflected back of the goal.

Storck kicked a field goal for Yale in the third period.

ARMY ROMPS OVER LEBANON CREW, 73-0
WEST POINT, N. Y., Oct. 27.—The Army romped Lebanon Valley eleven here today for 73 to 0. Smythe, the West Pointers' quarter, made five of the touchdowns, making a 35 and two 50-yard runs besides several others of 40 and 50 yards.

100-YARD RUN FEATURES GAME

Sooner Quarter, Gand Johnson, Is Hero

NORMAN, Okla., Oct. 27.—A 100-yard run for a touchdown by Gand Johnson, Sooner quarterback, featured the Oklahoma Aggies here this afternoon. In the fourth quarter with the score 6 to 0, Johnson intercepted an Aggie pass on the Sooner's 5-yard line and raced down the field for the university's second touchdown in the last few minutes of play.

The Sooners pushed the ball over the first time early in the second quarter and neither side was able to break through the defense until Johnson's sensational get-away.

HANDICAP TIE TO WISCONSIN

Punting of Taft Saves Gopher's Crown

SPTS—HANDICAP TIE—2
MADISON, Wis., Oct. 27.—Wisconsin will face Illinois, Michigan and Chicago handicapped by a scoreless tie with Minnesota.

Only Taft's punting saved the Gophers here today when the two eleven's wavered back and forth across the field, unable to make substantial gains. Taft made one phenomenal punt after another, sending the ball down the field for 50 and 60 yards.

Suspension Keeping Renault Bout Doubts

NEW YORK, Oct. 27.—The Jack Renault vs. Floyd Johnson match is made. The heavyweight will clash in Madison Square Garden on November 2.

The reason the match has not yet been officially announced is that it officially has not been made.

Johnson still is under suspension in New York. It will be recalled that the Massachusetts state commission suspended Floyd for failure to go through with an agreement to box Fred Fulton in Boston. The New York state athletic commission concurred in the findings of the Massachusetts board.

Until the suspension is raised Renault, or any other boxer, is not eligible to enter into a contract with Johnson. New York promoters also are barred from entering contractual relations with the suspended fighter.

However, Charlie Cook, manager of Johnson, claims everything is rosy. Charlie says he settled with the Boston club for \$1,000, so the understanding that the Massachusetts commission should lift the bars on Johnson.

May Rule Pop Bottle From Baseball Parks

NEW YORK, Oct. 27.—It is almost a certainty that baseball fields this winter will legislate against the "pop bottle menace" in baseball parks. Undoubtedly the powers in the game will rule that all soft drinks in future must be sold in paper containers and that bottles will be taken to the park. This action will be taken to protect fans from the future who might feel a sudden desire to "bean" an athlete or an umpire.

Favorite Horse Runs Dazzling Race for a Four-Length Victory

LATONIA, Ky., Oct. 27.—Wise Counselor, favorite in the rich County city handicap here today, ran a dazzling race and won by four lengths.

Battle Creek was second and Bolt third. The event was worth \$16,400 to Wise Counselor's owner.

Karl Pool, Cincinnati jockey, rode the winner and kept his mount ahead from the rise of the barrier. At the far turn he was eight lengths ahead of the nearest follower and rode home in easy style. Wise Counselor made the mile in 1:59 3-5.

Leader Vogue Draws 300 for Crew Trials

NEW HAVEN, Conn., Oct. 27.—More than 300 candidates for the Yale crew have reported. This is nearly double the usual fall registration. The increase in interest is laid at the door of Ed Leader, coach from the university of the state of Washington, who a year ago took charge of the rowing department and who last June swept the Thames' clean with its victories. Leader said that the Freshmen crew will get six weeks' fall work rowing on New Haven harbor. Rudimentary instruction will be given on machines and in paired shells. Within a fortnight experienced oarsmen will be given boats.

CAPTAIN MALLORY
Yale's star pitcher

NAVY, TIGERS, END WITH A TIE

40,000 Witness Return of Crippled Gridlers

VENABLE STADIUM, BALTIMORE, Md., Oct. 27.—Navy and Princeton battled to a 3-3 tie here today before more than 40,000 football fans in one of the most spectacular games of the season.

A field goal by Dinmore of Princeton from the 20-yard line and one by Billings of the Navy from the 11-yard line accounted for the scores.

Spectacular runs by Beattie for 25 and 30 yards, and dashes for 20 yards by Vangelis and Barclay brought the crowd to its feet. Navy lost its best chance to score when they had the ball within only a few inches of the Tiger goal in the second period. Princeton was never within the Navy 15-yard line.

PORT ARTHUR: Schlicher made 8 yards through the line and first down on the next play. Batterbee made 5 yards around left end. Morgan gained a yard on off tackle play. Schlicher gained 3 yards through center and punted 40 on the next play, the ball going out on Houston's 20-yard line. HOUSTON: Tidmore made 5 yards at right end. W. Butand being hurt during the scrimmage and holding time out for the locals. Tidmore lost 2 yards about the right wing when play resumed. The visitors.

PORT ARTHUR: Schlicher made 8 yards through the line and first down on the next play. Batterbee made 5 yards around left end. Morgan gained a yard on off tackle play. Fighting Micks Battle Way to Sterling Win Over Geo

Rockne's Proteges Smash Tech Crew at Will To Score

Methodical Attack Of Notre Dame Upsets Dope Of Eastern Scribes Who Pick Southern Squad To Have Fighting Chance

BY EDWARD S. DERR
United Press Staff Correspondent.

SOUTH BEND, Ind., Oct. 27.—More than 27,000 fans arose on Cartier Field here today and acclaimed the Irish mighty. Notre Dame, the wonder team of the season, charged and smashed its way over the heavier squad from Georgia Tech to a brilliant 35-to-7 victory and the third straight intercollegiate win for the Irish. Last week Notre Dame humbled Princeton and the week before the Army fell before the "Fighting Micks."

The Irish fought—they didn't play. They charged, they ripped, they hit hard and low, they swept their enemy before them like the chaff before a cyclone.

No single star appeared in this team of battlers. Each man played a brilliant, mechanically perfect game. They shifted fast; they snapped the ball; they ran straight interference. They moved as though the master hand of Knute Rockne, their crafty coach, were hovering over each man on the team.

Yet above this form, above this action and strategy, was the fiery spirit of attack and conquest. Each man was a warrior, each fought apparently for the pure love of the battle.

The stands roared their applause as Miller raced across for the first touchdown. They went wild when another was scored and the delirium continued as Irishman after Irishman planted the ball down for extra points.

Notre Dame showed in its game today it was one of the best teams that ever took the gridiron. The dopsters said the Irish were safe from two hard trips to the east where they beat the Army and Princeton. They said Georgia Tech had a chance to win.

Not stopping to reckon with the dope, however, the mighty Irish charged their way to a splendid victory. The dopsters were willing—Tech never had a chance.

After defeating the best in the east and south, only the team of the Pacific coast, San Francisco, remains to be beaten. Notre Dame, the Irish, will now consider an offer to travel west and make a bid for the glory.

Only for an instant after the first whistle and for another moment in the third quarter when they scored their only touchdown, did Tech show any strength. They played hard football around Wyckoff but were simply outclassed by their lighter, faster foes.

Like up:

Notre Dame	Position	Georgia Tech
Culbert	left end	Gardner
Bach	left tackle	Merkle
Brown (C)	left guard	McDonnell
Rogan	center	Frye
Loggare	right guard	McIntire (C)
Obers	right tackle	Huffins
Murphy	right end	Starin
Rosse	quarter	Hunt
Honster	left half	Albright
Connell	right half	Reeves
Layden	full back	Wyckoff

Summary: Touchdowns—D. Miller 2, Crowley, May, Maher, Wyckoff. Points from touchdowns—Lynch, 2, Crowley, Reeves, Wyckoff. Officials—Referee: Bach, Umpire: Emperio, Williams, Hiram, Head Linesman: Street, Astoria, Field Judge: Kearns, Depaul.

Nebraska, Missouri, Wade Through Fast 7 to 7 Grid Clash

COLUMBIA, Mo., Oct. 27.—A battle and Missouri battled through a sensational game of football to a 7 to 7 tie before a homecoming crowd of 15,000 on Rollins field here this afternoon.

The Tigers scored a touchdown in the first four minutes of play and the Corn Huskers scored another before the whistle ended the first period.

Then the two teams played a punting, kicking game, endeavoring to break through the defense of the opposition and score a touchdown.

Missouri's marker came just after the kick-off when Nebraska's punt was blocked. The Tigers taking the ball on the Nebraska 35-yard line Fullback Whitman tossed a pass to Frazier who took it to the Nebraska 50-yard line. Halfback Bond carried it across for Missouri's touchdown and Whitman kicked goal.

Captain Lewellen, led out of the game as a cripple, went into the Nebraska lineup as fullback and shortman and ran 60 yards for a touchdown after intercepting a pass by White down.

ST. CHARLES PLANS TO ORGANIZE GOLF CLUB
ST. CHARLES, Ill., Oct. 27.—Following the St. Charles game here have been launched a movement to organize a golf club. A committee has been appointed to secure a course and a number of eligible sites are under consideration. As soon as grounds are secured an organization will be perfected and a membership drive commenced. Next spring it is planned to construct a clubhouse.

IOWA SMASHES THROUGH, 20-0

Use Shift Formation to Vanquish Ohio

OHIO STADIUM, COLUMBUS, O., Oct. 27.—Before a crowd of 40,000, the largest here since the opening of the stadium last year, Iowa smashed through Ohio State for a 20 to 0 win this afternoon.

Using a shift formation borrowed from Illinois, Iowa tore the Ohio line to shreds.

Iowa's far famed punning attack got started with the opening whistle and the back field started down the field through Iowa's gaping holes worked by their line-men.

Ohio worked in a desperate attempt to stop the attack of Fry and Southbury, who broke through the Buckeye defense linelessly.

Toward the close of the first half Ohio started a series of complicated plays that carried the ball to the Iowa 12 yard line, but time was called.

Both teams resorted to the overhead attack during the last half and frequent intercepted passes kept the ball alternating rapidly from team to team.

Ohio had none of the dash and fight that was shown against Michigan last week while the Hawkeyes, from looking much similar to the championship eleven of the past two years.

Iowa found the Buckeye line solid within its 15-yard line in the early stages of the fray and twice was forced to dropkick for points when they had carried the ball under the shadow of the Ohio goal.

Hancock of Iowa made a brilliant play in the fourth quarter when he broke through the line, tackled Workman so viciously that he dropped the ball. Hancock recovered the fumble and raced for a touchdown. The play was lightning fast.

Workman crashed to the ground at the same instant that Hancock leaped to his feet, scooped the ball up and ran to the goal line.

Workman went over Fishbe's head twice in the first period and his kicking was the outstanding feature of this play.

Judy, veteran Ohio quarterback, was kept out of the game most of the time because of injuries received in practice. Toward the end of the game Wiley began to cloud in substitutes to stem the Iowa attack. Ohio State was practically eliminated from the title race in the Big Ten by her defeat today coupled with the loss at Michigan last week.

X-Country Race Is Planned for Butler Saturday
INDIANAPOLIS, Oct. 27.—A cross-country race to finish on the athletic field at Butler University, November 3, is being arranged by officials of the Indiana Kentucky Division of the American Athletic Union.

The race will be over a course of A. A. U. regulation length, six miles. The Butler freshmen and the De Pauw University freshmen football teams are scheduled to play on that day and the finish of the contest will be timed as nearly as possible to come between the halves of the game.

Herbert H. Hall, chairman of the cross-country and long-distance runs and road races for the A. A. U. in this division, stated that he was disappointed in six entries before the race was announced and that he expects there would be a number of others, received soon.

A number of long-distance runners are to hold this Fall. Mr. Hall stated, in preparation for the requirements for the Olympic contests scheduled for next year. He said long-distance running was almost a lost art in Indiana and that it was the desire of the A. A. U. officials to revive interest and prepare men to compete in the Olympic games from the Indiana-Kentucky Division.

RUSHVILLE DEDICATES COMMUNITY GOLF LINKS
RUSHVILLE, Ill., Oct. 27.—A new community golf course, which is a part of Scrips Park has been dedicated here. Through the generosity of the Scrips family, the City of Rushville was presented with a tract of eighty acres of land and \$300,000 given for a club house. The park will be utilized as a public playground and, in addition to golf there will be numerous other sports, affording enjoyment for all ages and classes. It is said that no other city in Illinois of near the size of Rushville has been so favored.

Hidden Ball Play Is Good Ground Gainer, and Dangerous Threat
